New Italian Poets Dana Gioia, 1991 **The New Italian Poetry, 1945 to the Present** Lawrence R. Smith, 2023-11-10

Postwar Italian poetry carries on the legacy of one of the world's richest literary traditions a tradition in which conflict and diversity are important parts. It is a poetry that reflects with extraordinary intensity the social psychological and moral turmoil of the modern world. Substantial selections from the works of twenty-one of Italy's most influential contemporary poets make up this anthology which will make this largely unknown poetic territory more familiar to the English speaking world. The introductory essay discusses the unique Italian talent for fusing cultural and political struggle into literary form and Italian poetry's important impact on developments in European poetry throughout the twentieth century. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact. Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology. This title was originally published in 1981.

Modern Italian Poets Jacob Blakesley, 2014-02-24. In 1948 the poet Eugenio Montale published his *Quaderno di traduzioni* and created an entirely new Italian literary genre the translation notebook. The quaderni were the work of some of Italy's foremost poets and their translation anthologies proved fundamental for their aesthetic and cultural development. *Modern Italian Poets* shows how the new genre shaped the poetic practice of the poet translators who worked within it including Giorgio Caproni Giovanni Giudici Edoardo Sanguineti Franco Buffoni and Nobel Prize winner Eugenio Montale displaying how the poet translators used the quaderni to hone their poetic techniques experiment with new poetic metres and develop new theories of poetics. In addition to detailed analyses of the work of these five authors the book covers the development of the *quaderno di traduzioni* and its relationship to Western theories of translation such as those of Walter Benjamin and Benedetto Croce. In an appendix *Modern Italian Poets* also provides the first complete list of all translations and quaderni di traduzioni published by more than 150 Italian poet translators.

The Oxford Guide to Literature in English Translation Peter France, 2000. Translation has been a crucial process in world culture over the past two millennia and more. In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud. Although recent years have seen a boom in translation studies there has been no comprehensive yet convenient guide to this essential element of literature in English. Written by eminent scholars from many countries the *Oxford Guide to Literature in English Translation* meets this need and will be essential reading for all students of English and comparative literature. It highlights the place of translation in our culture encouraging awareness of the issues raised making the translator more visible. Concentrating on major writers and works it covers translations out of many languages from Greek to Korean from Swahili to Russian. For some works e.g. Virgil's *Aeneid* which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between

versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available The Guide is divided into two parts Part I contains substantial essays on theoretical questions a pioneering outline of the history of translation into English and discussions of the problems raised by specific types of text e g poetry oral literature The second much longer part consists of entries grouped by language of origin some are devoted to individual texts e g the Thousand and One Nights or writers e g Ibsen Proust but the majority offer a critical overview of a genre e g Chinese poetry Spanish Golden Age drama or of a national literature e g Hungarian Scottish Gaelic There is a selective bibliography for each entry and an index of authors and translators
