Excerpt from New France and New England I hope to have it ready in about two years from now This preface bears the date of Mayday 1899 It will be seen that New France and New England completes the story of the settlement and development of the colonies up to the point where Mr Fiske's American Revolution has already taken up the narrative It therefore gives a final unity to the sequence of remarkable volumes which he has devoted to American history The lamented death of the brilliant author prevented him from giving the final touches to his work Most of the material for it was delivered as lectures before the Lowell Institute during the last winter of his life but only the first two chapters received his definite revision for the press The third chapter was unfinished but has been completed by a few pages enclosed in brackets and prepared in accordance with Mr Fiske's own memoranda indicating what incidents he proposed to include in the remaining paragraphs The other chapters were in the form of carefully prepared lectures but were not equipped with the side notes and an notations calling attention to authorities such as Mr Fiske supplied freely in his Discovery of America and other volumes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **History and General Description of New France** Pierre-François-Xavier de Charlevoix,1902      **New England and New France** James Douglas-Hamilton,      **The Historical Writings of John Fiske: New France and New England** John Fiske,1902      **The Pioneers of New France in New England, with Contemporary Letters and Documents** James Phinney Baxter,1894      **The American Catalogue** ,1905      **Nova Scotia's Massachusetts** George A. Rawlyk,1973-05-01 This book is primarily concerned with describing and attempting to account for first the continuing economic hammerlock Massachusetts had during most of the period from 1630 to 1784 over the neighbouring colony and second the various military thrusts sent from New England to the region to the northeast      **The Annual American**
