(George Browning) 1. Lockwood,Charles a. (Charles Allen) 187 Prosser,2016-08-27 **Pantaloons & Power** Gayle V. Fischer,2001 Clothing is often an indication of an individual s status and gender By the early nineteenth century clear definitions had developed regarding how American women and men were supposed to appear in public and how they were meant to lead their lives As men s style of dress moved from the ornate to the moderate women s fashions continued to be decorative and physically restrictive This visible separation of the sexes was paralleled in other arenas social cultural and religions Some women defied this convention and cut their skirts short abandoned their corsets and put on trousers In **Pantaloons and Power** Gayle V Fisher shows how the reformers denouncement of conventional dress highlighted the role of clothing in the struggle of power relations between the sexes *The New Harmony Movement* George B. Lockwood,W. T. Harris,2014-03 This Is A New Release Of The Original 1905 Edition [Communal Utopias and the American Experience](#) Robert P. Sutton,2004-02-28 This important study begins with America s first secular utopia at New Harmony in 1824 and traces successive utopian experiments in the United States through the following centuries For the first time readers will come to realize that American communalism is not a disjointed erratic almost ephemeral part of our past but has been an on going essential part of American history We have a communal utopian motif that sets the history of the United States apart from any other nation The utopian communal story is just one other dimension of the Puritan concept that America was a city upon a hill a beacon light to all the world where the perfect society could be built and could flourish After discussing New Harmony and other Owenite communities the author examines nine Fourierist utopias that were built before the Civil War Next he analyzes the five Icarian colonies that collectively were the longest lived non religious communal experiments in American history Then discussion moves to the seven Gilded Age socialist cooperatives followed by the utopian communities created during President Franklin D Roosevelt s New Deal Finally Sutton turns to the hippie colonies and intentional

communities of the last half of the 20th century      Encyclopedia of American Social Movements Immanuel Ness, 2015-07-17  
This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women's equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice

**Backwoods Utopias** Arthur Bestor, 1971 Arthur Bestor shows the connection between the holy commonwealths of the colonial period and the nonsectarian experiments of the nineteenth century He examines in particular detail Robert Owen's ideals and problems in creating New Harmony      **Heaven On Earth** Joshua Muravchik, 2003-11-25 Socialism was man's most ambitious attempt to supplant religion with a doctrine claiming to ground itself in science Indeed no religion ever spread so far so fast Yet while socialism had established itself as a fact of life by the beginning of the 20th century it did not create societies of abundance or give birth to the New Man Each failure inspired new searches for the path to the promised land revolution communes social democracy Communism Fascism Third World socialism None worked and some exacted staggering human tolls Then after two hundred years of wishful thinking and fitful governance socialism suddenly imploded in a fin de siècle drama of falling walls and collapsing regimes In *Heaven on Earth* Joshua Muravchik traces this fiery trajectory through sketches of the thinkers and leaders who developed the theory led it to power and presided over its collapse We see such dreamers and doers as the French revolutionary Gracchus Babeuf whose Conspiracy of Equals were the first to try to outlaw private property Robert Owen who hoped to plant a model socialist utopia in the United States Friedrich Engels who created the cult of Karl Marx and scientific socialism Benito Mussolini self proclaimed socialist heretic and inventor of Fascism Clement Attlee who rejected the fanatics and set out to build socialism democratically in Britain Julius Nyerere who merged social democracy and communism in the hope of making Tanzania a model for the developing world and Mikhail Gorbachev Deng Xiaoping and Tony Blair who became socialism's inadvertent undertakers Muravchik's accomplishment in *Heaven on Earth* is to tell a story filled with character and event while at the same time giving us an epic chronicle of a movement that tried to turn the world upside down and for a time succeeded      *New Harmony's First Utopians, 1814-1824* Donald E.
