Enchantment

If an effect would create one or more tokens under your control, it creates twice that many of those tokens instead.

“Brave Syr Armont mused: Was the elves’ true nature that of day’s civility or night’s savagery? Could such bestial rage be bestowed by curse alone?”

Parallel Lives ((a Novel)) Martha Alderson, 2016-08-21 Have you ever met someone only to find you were both in the same place at the same time years before you ever met Set in the San Francisco Bay Area during the turbulent 1960s *Parallel Lives* follows the destinies of two people a mute girl and a reckless boy who have nothing in common but their mutual fascination in their seemingly random meetings Now as adults before they can set out on their own first they each must find and confront the unforgettable and mysterious other What if each of us is promised one wild and precious someone for a lifetime What if to seize this true love first both parties must undergo an arduous and dangerous journey separately Would you Billy Wayman Wolf lives with his maternal Potawatomi grandmother in the San Joaquin Valley Punished for mouthing off and his petty thievery nonetheless Billy becomes an expert at talents that later prove disastrous When he is twelve he is sent to downtown Oakland where his mother lives in a flat over the Drop In Club Maj Hawthorne four years younger than Billy is the beautiful and silent daughter of country club privilege She lives with her parents and Swedish born grandmother in the East Bay foothills at Great Oaks their generational family estate Pressed by her grandmother to speak or be destined to live by her looks alone she struggles to use her voice after an unspeakable betrayal and then later while suffering a brutal horror Maj and Billy's lives converge for the first time along a forgotten highway when Maj is seven and Billy is eleven years old Though they come from opposite worlds when their eyes meet they know one another in a profound and certain way They meet again three months later and each knows in their own way that the meetings are not accidental or luck but fortunate and intended Deftly interweaving the lives of Maj and Billy at pivotal historic events a roadside accident a Santana concert for farm workers Caesar Chavez with Robert Kennedy in Delano the Native American take over of Alcatraz *Parallel Lives* illuminates the ways against all odds two people are destined for each other During these brief encounters they touch they kiss and they break each other's heart as the currents of their lives bring them together and pull them apart again and again Until finally nothing is ever the same *Parallel Lives* demonstrates that our chances for love and happiness are never truly over or used up Success hangs on readiness and timing This coming of age love story about parallel lives the power of communication and the redemptive fire of love set against a time of cataclysmic change was written for fans of mystery San Francisco in the 1960s fashion magical realism destiny fate romance politics transformation suspense and intrigue The idea for *Parallel Lives* came to me soon after I met my husband nearly 40 years ago As we got to know each other and fall in love for me at first sight I was captivated to discover how many places we'd both been at the same time and long before our first meeting Intrigued by the notion of how if we'd met at one of those earlier moments we likely never would have fallen in love and ended up together the timing wasn't right and neither of us were

ready I set to work researching Having worked on this novel historical fiction for more than twelve years I am thrilled to share *Parallel Lives* with you Passionate about weaving imagination and the past to bring history to life I m especially excited about history that is rarely told In this historical novel I invite you to experience how Maj and Billy s lives implode during the wild migration of people from all over the United States and beyond who poured into San Francisco stuck flowers in their hair and saw only their dreams of the place

[>Parallel Lives](#) Chrysanthos S. Chrysanthou,2018-02-19 In the *Parallel Lives* Plutarch does not absolve his readers of the need for moral reflection by offering any sort of hard and fast rules for their moral judgement Rather he uses strategies to elicit readers active engagement with the act of judging This book drawing on the insights of recent narrative theories especially narratology and reader response criticism examines Plutarch s narrative techniques in the *Parallel Lives* of drawing his readers into the process of moral evaluation and exposing them to the complexities entailed in it Subjects discussed include Plutarch s prefatory projection of himself and his readers and the interaction between the two Plutarch s presentation of the mental and emotional workings of historical agents which serves to re enact the participants experience at the time and thus arouse empathy in the readers Plutarch s closural strategies and their profound effects on the readers moral inquiry Plutarch s principles of historical criticism in *On the malice of Herodotus* in relation to his narrative strategies in the *Lives* Through illustrating Plutarch s narrative technique this book elucidates Plutarch s praise and blame rhetoric in the *Lives* as well as his sensibility to the challenges inherent in recounting reading about and evaluating the lives of the great men of history

Nichols Mowery,2014-12-26 Three women share three separate tragedies and one very extraordinary connection It starts in the month of June when three women s lives intersect but are they separate lives or the same life lived in different dimensions It would seem each woman lives a parallel life contained within the essence of the other two They look alike They were born with the same name Yet somehow during childhood they broke apart and became three but only one is the original Elizabeth Ann Anderson As the women share physical space the

mysteries surrounding them converge especially with the approach of the Summer Solstice the best time to see our own parallel lives The universe aligns during Earth s solstices and equinoxes as do parallel lives The destinies of these three separate but very connected women will be decided in the coming weeks but questions still abound Now that they ve found each other will two of the identities fall apart Will the three Elizabeth s become one Or is there something much darker and more deviant at work in the cosmos

Slave Revolts in Antiquity Theresa Urbainczyk,2016-06-16 Although much has been written on Greek and Roman slavery slave resistance has typically been dismissed as historically insignificant and those revolts that are documented are portrayed as wholly exceptional and resulting from peculiar historical circumstances that had little to do with the intrinsic views or organizational capabilities of the slaves themselves In this book Theresa Urbainczyk challenges the current orthodoxy and argues that there were many more slave revolts than is usually assumed and they were far from insignificant historically She carefully dissects ancient and modern interpretations to show that there was every reason for the writers who recorded and re recorded the slave rebellions and wars to repress or to reconfigure any larger scale slave resistance as something other than what it was Further she shows that we often have the accounts that we do because of the happenstance of certain ancient authors having been particularly interested in creating accounts of them for their own interests Urbainczyk argues that we need to look beyond the canonical sources and episodes to see a bigger history of long term resistance of slaves to their enslavement
