Parent Plot:

One Parent's Story, Struggle "Teenagers" What Was I Thinking! Leon Segers Jr.,2012-10-25 Although the title of this book indicates One parents story struggle its actually about the battle between all parents and teens or simply adults and teens in general I say battle but it has actually risen to the potential for what I call generational warfare Basically teenagers have little respect for adults especially parents The protocol is simple and yes most adults do recall progressing strategically in the same way during their own youth Even before were born we make demands Then after weve grown a few years we make many more demands By the age of ten to thirteen we more than expect those demands to unquestionably be met Finally by the last 3 to 5 years of youth while living at home with our parents weve assessed who our biggest enemy is and how we would like to take down who we now see as both an enemy and a dictator Simply put after youve bitten the hand that feeds you for so long that hand begins to appear useless And once that represents uselessness the person behind that outreaching hand also serves no purpose to you So the stage is set Teenagers wont look back with any sense of appreciation and parents who also continued to grow will look back and wonder was it all worth it Many are optimistic while others are in denial But most can only feel one thing What was I thinking
