Paris To Peking:

Peking to Paris Philip Young, 2014-03-17 10 000 miles the greatest overland drive between two capital cities in the wheel tracks of the original pioneers who blazed a trail in 1907 to prove that cars could now go anywhere and 100 years later a total of 130 veteran vintage and classic cars from 26 different countries recreate the same great adventure pounding down the vast empty spaces of the Gobi Desert Mongolia Russian Steppes racing for a bottle of champagne The official record of the centennial re enactment of a great motoring milestone the 1907 Peking to Paris race Man and machine against the elements driving where no car has gone before that was the impossible challenge of 1907 when a handful of buccaneering madcap motorists took up the idea of a Paris newspaper to prove that the car could now go anywhere by driving the huge distance between two capital cities Peking to Paris To mark the 100th anniversary of the original Great Race over 100 cars set out to drive the original route used by Prince Borghese in 1907 They ranged from authentic veteran Italas and vintage Bentleys to classic Aston Martins and pretty much everything in between Drivers of 26 different nationalities came together to test their wits and their cars by driving 40 days from the Great Wall of China across the Gobi Desert After the Gobi came ten days of wilderness crossing Mongolia s vast plains to Russia then on to Moscows Red Square and St Petersburg Estonia Latvia Poland and Germany the survivors finally rolling into Paris for an amazing party Even though 100 years had passed since the first groundbreaking event today s rally enthusiasts discovered that in Mongolia conditions of poor fuel problems of food and water and finding the way to distant horizons remained a challenge exactly as faced by the original pioneers This is the inside story of the great driving efforts and human endeavour required to complete an amazingly challenging route With 250 photos official maps and inside information it is a fascinating read for any motor enthusiast The book also briefly describes the original event including previously unpublished photographs **The Race to the Future** Kassia St.

Clair, 2024-05-14 The rise of the automobile as told through its Rubicon moment a sensational high risk race across two continents on the verge of revolution The racers an Italian prince and his chauffeur a French racing driver a con man and several rival journalists battle over steep inclines through narrow mountain passages and across the arid Gobi Desert Competitors endure torrential rain and choking dust There are barely any roads and petrol is almost impossible to find A global audience of millions follows each twist and turn devouring reports telegraphed from the course More than its many adventures the Peking to Paris Motor Challenge took place on the precipice of a new world As the twentieth century dawned imperial regimes in China and Russia were crumbling paving the way for the rise of communist ones The electric telegraph was rapidly transforming modern communication and with it the news media commerce and politics Suspended between the old and the new the Peking to Paris as best selling historian Kassia St Clair writes became a critical tipping point A gripping immersive narrative of the race The Race to the Future sets the drivers derring do and occasional cheating against the backdrop of a larger geopolitical and technological race to the future Interweaving events from the fall of the Qing dynasty to

the departure of the horse economy and the rise of gendered marketing St Clair shows how the Peking to Paris provided an impetus for profound social cultural and industrial change while masterfully capturing the mounting tensions between nations and empires all building up to the cataclysmic event that changed everything the First World War Consistently mind boggling often funny and occasionally hair raising Philip Ball *The Race to the Future* is the incredible true story of the quest against the odds that propelled us along the road to modernity Peking to Paris Dina Bennett,2013-05-01 In May 2007 leaving China's Great Wall is Car 84 one of 128 antique autos racing in the Peking to Paris Motor Challenge It's guided by one Dina Bennett the world's least likely navigator a daydreamer prone to carsickness riddled with self doubt and married to a thrill seeking perfectionist who is half human half racecar What could possibly go wrong Funny self deprecating and marred by only a few acts of great fortitude Peking to Paris is first and foremost a voyage of transformation The reader is swept on a wild emotional ride with romance and adversity torment and triumph Starting in Beijing Dina and her husband Bernard limp across the Gobi Siberia Baltic States and south to Paris in a 1940 Cadillac LaSalle while Dina nurses the absurd hope that she can turn herself into a person of courage and patience Writing for every woman who's ever doubted herself and any man who's wondered what the woman traveling with him is thinking Dina brings the reader with her as she deftly sidesteps rock throwing Mongolians and locks horns with Russians left over from the Interpol era not to mention getting a sandstorm facial and racing rabbits on a curvy country road Come along for the ride with a dashboard diva **Appearances**
