Paris in the Age of Absolutism Orest Ranum,1968 Paris in the Age of Absolutism Orest A. Ranum,1968 Provides a history of 17th century Paris Emphasis is given to architecture interiors streets quarters social and living conditions It illuminates the importance of every major social group from the nobility to the beggars and describes their effects on society and on each other **Paris in the Age of Absolutism** Orest A. Ranum,1979-01-01 *France in the Age of Louis XIII and Richelieu* Victor L. Tapié,1984-07-12 Paris Colin Jones,2006-04-04 From the Roman Emperor Julian who waxed rhapsodic about Parisian wine and figs to Henry Miller who relished its seductive bohemia Paris has been a perennial source of fascination for 2 000 years In this definitive and illuminating history Colin Jones walks us through the city that was a plague infested charnel house during the Middle Ages the bloody epicenter of the French Revolution the muse of nineteenth century Impressionist painters and much more Jones s masterful narrative is enhanced by numerous photographs and feature boxes on the Bastille or Josephine Baker for instance that complete a colorful and comprehensive portrait of a place that has endured Vikings Black Death and the Nazis to emerge as the heart of a resurgent Europe This is a thrilling companion for history buffs and backpack or armchair travelers alike *Absolutism and Society in Seventeenth-Century France* William Beik,1985 This analysis of the provincial reality of absolutism argues that the relationship between the regional aristocracy and the crown was a key factor in influencing the traditional social system of seventeenth century France **Constructing Paris in the Age of Revolution** A. Potofsky,2009-10-29 Examining the social and political history of workers and entrepreneurs engaged in constructing the French capital from 1763 1815 this book argues that Paris construction was a core sector in which archaic and innovative practices were symbiotically used by guilds the state and enterprises to launch the commercial revolution in France **The Reign of Louis XIV** Paul Sonnino,1991 **Origins of Legislative Sovereignty and the Legislative State: Modern origins, developments, and perspectives against the background of "Machiavellism": bk 1. London Fell,1996 **The Birth of Absolutism** Yves Marie Bercé,1996 Yves Marie Berce s THE BIRTH OF ABSOLUTISM offers a refreshingly original approach to the history of France between the Edict of Nantes and the personal rule of Louis XIV a period dominated by the names of two cardinals Richelieu and Mazarin Berce brings to the task not only familiarity with the sources and with French historiography but also a thorough knowledge of the large body of English and American research on seventeenth century France This has enabled him to escape the diminishing perspective of the older French school the grand history told from Paris which reduced the course of events to an account of the inevitable triumph of the Royal state Berce emphasises the degree to which the French Crown remained beset by an aristocratic faction only too ready to avail itself of royal minorities religious dissent or provincial grievances in the pursuit of its own ambitions Old Age in Eighteenth-century France David G.
