Proust & His Banker Gian Balsamo, 2022-04-13 This study explores the surprising relationship between Proust's creative genius his financial extravagance and the steady hand that kept him afloat What Marcel Proust wanted from life most of all was unconditional requited love and the way he went after it smothering the objects of his affection with gifts cost him a fortune To pay for such extravagance he engaged in daring speculations on the stock exchange The task of his cousin and financial adviser Lionel Hauser was to make sure these speculations would not go sour In Proust and His Banker Gian Balsamo examines this vital complex relationship and reveals that the author's liberal squandering of money provided the grist for many of the fictional characters and dramatic events he wrote about Focusing on hundreds of letters between Proust and Hauser among other archival and primary sources Balsamo provides a fascinating window into the writer's creative process his financial activities and the surprising relationship between the two Successes and failures alike provided material for Proust's fiction whether from the purchase of an airplane for the object of his affections or the investigation of a deceased love's intimate background Over the course of their fifteen year collaboration the banker saw Proust squander three fifths of

his wealth To Hauser the writer was a virtuoso in resource mismanagement Nonetheless Balsamo shows we owe it to the altruism of this generous relative who never thought twice about sacrificing his own time and resources to Proust that In Search of Lost Time was ever completed *The Mastery Series.
