**Edgar Saltus: The Man** Marie Saltus,2019-12-17 In Edgar Saltus The Man Marie Saltus provides an illuminating portrait of her renowned husband Edgar Saltus a figure whose literary contributions to the late 19th and early 20th centuries have often been overshadowed by his contemporaries Through a meticulous blending of biography and literary criticism she presents a vivid exploration of his unique stylistic flair characterized by decadent prose and a penchant for psychological depth The text is steeped in the cultural milieu of the Gilded Age reflecting the tensions between art and society and offers readers an introspective journey into the complexities of Saltus s thought processes and artistic ambitions Marie Saltus deeply rooted in her husband s intellectual landscape provides invaluable insights into both the man and the artist Her nuanced perspective stems from a shared domestic life with Edgar enriched by her own literary acumen This intimate connection enabled her to capture the essence of his struggles and triumphs shedding light on the influences that shaped his work and the personal demons he grappled with throughout his life Readers intrigued by literary history biography or the intricate relationship between art and personal experience will find Edgar Saltus The Man to be an essential read Marie Saltus s intimate narrative not only revives the legacy of Edgar Saltus but also prompts reflection on the often overlooked interplay of identity creativity and the world that influences both In this enriched edition we have carefully created added value for your reading experience Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read
