Carmen Boullosa: In Between Brooklyn and Coyoacan María del Mar López-Cabrales, María Rosario Matz, 2024-09-03
Focusing on the works of Mexican writer Carmen Boullosa for the English reader this volume provides access to a critical analysis of Boullosa's writings. Her daily writing has produced an enormous and varied literary corpus that includes narrative, theater, and poetry in addition to her work in television. This volume is divided into three different segments. The initial part is composed of six essays that analyze Boullosa's narrative and theatrical works. In these essays, contributors evaluate and analyze Boullosa's literary production covering many of her novels including *Antes* 1989, *Llanto* 1992, *novelas imposibles* 1992, *La Milagrosa* 1993, *Cielos de la Tierra* 1997, *La otra mano de Lepanto* 2005, *La novela perfecta* 2006, *El complot de los Románticos* 2009, *Quando me volví mortal* 2010, *Las paredes hablan* 2012, *Texas* 2014, and *El libro de Ana* 2019, as well as her *Teatro herético* 1987. By analyzing her literary corpus, contributors explore how she reshapes historical narratives and offers thought-provoking commentaries on our modern society and its problems. Boullosa's writings invite an in-depth analysis due to their rich complexity and explorations of various themes; therefore, this volume presents how her work has a significant social impact, prompting discussions on the topics of gender, power, history, social inequality, and cultural diversity while encouraging critical thinking and empathy. These critical essays are followed by an interview with the author. We decided to also include the Spanish version of this interview for those able to read it. Boullosa's essay *pica-ma Mi pica* My Epic concludes this volume. When reading this essay, we suggest to the reader to keep in mind how often her works provide a voice to characters for whom History refused to grant one. This volume will provide its reader with a key to discovering the many layers present in Boullosa's writing. *The Cambridge Handbook of Copyright in Street Art and Graffiti* Enrico Bonadio, 2019-11-13

Bonadio brings together experts to provide the first comprehensive analysis of issues related to copyright in street art and graffiti. This book sheds light on the legal tools available for artists and offers policy and sociological insights to spur further debate. It will appeal to legal scholars and law practitioners around the world. **Peace System Analysis** Marije Luitjens, 2026-01-01
This book introduces the Peace System Analysis, a new framework for unpacking the complexity of peace and conflict processes. Drawing on ethnographic research in Kosovo and Medellín, it illustrates how mapping the links between different parts of a peace process helps uncover existing capacities that can reinforce long-term peace. The book argues that many peacebuilding models fail to capture the realities of conflict-affected contexts before introducing the Peace System Analysis as a tool for examining four key components: 1. local understandings of peace, 2. obstacles to peace, 3. capacities for peace, and 4. trans-scalarity of peace. It then demonstrates its application in both Kosovo and Medellín, revealing hidden dynamics, interconnections, and opportunities for transformation. Bridging theory and practice, this book connects debates on complexity theory, critical peace studies, and peace policy, offering scholars, policymakers, and practitioners fresh insights and strategies for building peace. **Los refranes del Quijote (por Cervantes) ordenados por materias y**
