Raising Children One Day at a Time! Thomas Wright, 2000-08-01 We've all got ideas about raising children. One sage has written: "Before I got married, I had all the answers in the world about raising kids. Now I've got kids and no answers." Over the years, there have been all manner of books—good, bad, and downright evil—written and published about raising children. In fact, Socrates even wrote about the downfall of society as he knew it as the direct result of the rise of juvenile problems for which parents were not taking responsibility. Now comes along a book that speaks to readers in a common-sense style, one that offers concrete, practical, doable suggestions that work. Here, in an open format, is a full year's worth of thought-provoking ideas that many will gravitate to enthusiastically, and others will find challenging. More than three hundred down-to-earth activities and opportunities that can bring families closer together, make people laugh, some cry, teach the handling of disappointments, and avoidance of being judgmental. Here are just some of the hundreds of topics covered: Overprotection of children, Handling grieving, Competition, Sharing different viewpoints, What is compassion, Avoiding becoming self-absorbed, Prejudice, Dealing with smarting off, Learning forgiveness, Self-control, Making friends, Making friends with God, Discussing alternatives, Broken promises, Thinking before jumping, Self-esteem, Loyalty, Difference between progress and perfection, Nurturing, Conflict.
