Parfums Le Guide:

Perfumes: Parfums Le Guide 1994 Luca Turin, 2019-11-22 Turin confirms his right to be classed alongside Proust or Patrick Suskind as a poet of smell Lara Feigel Observer In 1992 Luca Turin wrote the first truly critical guide to perfume *Parfums le guide* It has been out of print until now This new edition includes both the original French and the first authorized English translation plus a new highly personal foreword by Turin LUCA TURIN wrote the first critical guide to perfume He is a biophysicist popular lecturer and author of several books on science perfume and culture TANIA SANCHEZ is a writer with an interest in perfume aesthetics and culture She is the co author with Luca Turin of *Perfumes The A Z Guide* and *The Little Book of Perfumes* Perfumes Luca Turin, Tania Sanchez, 2010-08-06 I ve long wished perfumery to be taken seriously as an art and for scent critics to be as fierce as opera critics and for the wearers of certain fragrances to be hissed in public while others are cheered This year has brought *Perfumes The Guide* by Luca Turin and Tania Sanchez which I breathed in rather than read in one delighted gulp Hilary Mantel Guardian *Perfumes The Guide* is the culmination of Turin s lifelong obsession and rare scientific flair and Sanchez s stylish and devoted blogging about every scent that she s ever loved and loathed Together they make a fine and utterly persuasive argument for the unrecognised craft of perfume making Perfume writing has certainly never been this honest compelling or downright entertaining

An Ethnography of Fragrance Dinah Jung, 2022-06-08 The perfumery arts in Asia have traditionally been presented as exotic or in recent decades mainly ignored The ethnographic report in hand recalibrates the character and meaning of perfumery in the Islamic world illustrated by the local example of Adan La j By retelling the stories which have become associated with specific fragrances there the author simultaneously introduces the reader to the history and culture of Islam and the southern edge of Yemen The cultural exchange along the Indian Ocean Rim and within the colonial empires supported the spread and refinement of aromatics The result is a new and fascinating portrayal and explanation of perfumery in general as well as of its tradition and special features in West Asia up to recent times

The Perfume Lover Denyse Beaulieu, 2013-03-19 The Perfume Lover is a candid personal account of the process of composing a fragrance filled with sensual scent descriptions sexy tidbits and historical vignettes What if the most beautiful night in your life inspired a perfume When Denyse Beaulieu was growing up near Montreal perfume was forbidden in her house spurring a childhood curiosity that became an intellectual and sensual passion It is this passion she pursued all the way to Paris where she now lives and which led her to become a respected fragrance writer But little did she know that it would also lead her to achieve a perfume lover s wildest dream When Denyse tells famous perfumer Bertrand Duchaufour at L Artisan Parfumeur of a sensual night spent in Seville under a blossoming orange tree wrapped in the arms of a beautiful man the story stirs his imagination and together they create a scent that captures the essence of that night As their unique creative collaboration unfolds the perfume in progress conjures intimate memories leading Beaulieu to make sense of her life through scents Throughout the book she weaves the evocative history of perfumery

into her personal journey in an intensely passionate voice the masters and the masterpieces the myths and the myth busting down to the molecular mysteries that weld our flesh to flowers Now just to set your nostrils aquiver S ville l aube is an orange blossom oriental with zesty green and balsamic effects with notes of petitgrain petitgrain citronnier orange blossom beeswax incense and lavender and is now available at fragrance outlets in the U S **The Little Book of Perfumes** Luca Turin,Tania Sanchez,2011-10-27 The quintessential guide to the one hundred most glorious perfumes in the world When Luca Turin and Tania Sanchez published Perfumes The Guide in 2008 it was hailed as ravishingly entertaining by John Lanchester in The New Yorker witty and knowledgeable on Style com and provocative and hugely entertaining by the Times Literary Supplement The Little Book of Perfumes focuses on just one hundred masterpieces of perfume ninety six five star perfumes from the original book as well as four museum perfumes legendary scents that are preserved in the Versailles Osmoth que This stunningly produced petite volume offers lovers of perfume the best of the best a perfect gift book for anyone looking either for a brilliant fragrance or an intelligent witty read **The Emperor of Scent** Chandler Burr,2003-01-21 For as long as anyone can remember a man named Luca Turin has had an uncanny relationship with smells He has been compared to the hero of Patrick S skind s novel Perfume but his story is in fact stranger because it is true It concerns how he made use of his powerful gifts to solve one of the last great mysteries of the human body how our noses work Luca Turin can distinguish the components of just about any smell from the world s most refined perfumes to the air in a subway car on the Paris metro A distinguished scientist he once worked in an unrelated field though he made a hobby of collecting fragrances But when as a lark he published a collection of his reviews of the world s perfumes the book hit the small insular business of perfume makers like a thunderclap Who is this man Luca Turin they demanded and how does he know so much The closed community of scent creation opened up to Luca Turin and he discovered a fact that astonished him no one in this world knew how smell worked Billions and billions of dollars were spent creating scents in a manner amounting to glorified trial and error The solution to the mystery of every other human sense has led to the Nobel Prize if not vast riches Why Luca Turin thought should smell be any different So he gave his life to this great puzzle And in the end incredibly it would seem that he solved it But when enormously powerful interests are threatened and great reputations are at stake Luca Turin learned nothing is quite what it seems Acclaimed writer Chandler Burr has spent four years chronicling Luca Turin s quest to unravel the mystery of how our sense of smell works What has emerged is an enthralling magical book that changes the way we think about that area between our mouth and our eyes and its profound secret hold on our lives
