Parting The Desert The Creation Of The Suez Canal

Carl Cavanagh Hodge

Parting The Desert The Creation Of The Suez Canal:

Parting the Desert Zachary Karabell, 2009-08-26 Award winning historian Zachary Karabell tells the epic story of the greatest engineering feat of the nineteenth century the building of the Suez Canal and shows how it changed the world The dream was a waterway that would unite the East and the West and the ambitious energetic French diplomat and entrepreneur Ferdinand de Lesseps was the mastermind behind the project Lesseps saw the project through fifteen years of financial challenges technical obstacles and political intrigues He convinced ordinary French citizens to invest their money and he won the backing of Napoleon III and of Egypt's prince Muhammad Said But the triumph was far from perfect the construction relied heavily on forced labor and technical and diplomatic obstacles constantly threatened completion The inauguration in 1869 captured the imagination of the world The Suez Canal was heralded as a symbol of progress that would unite nations but its legacy is mixed Parting the Desert is both a transporting narrative and a meditation on the origins of the modern Middle East Parting the Desert Zachary Karabell, 2003 The building of the Suez Canal was considered the greatest engineering feat of the 19th century but as Zachary Karabell shows in this book there was much more to it than just a marvel of construction In addition Parting the Desert describes an extraordinary meeting between East and West The Boundless Sea David Abulafia, 2019 A sweeping history of the world through its oceans and seas and their interconnections

A History of British Tramp Shipping, 1870-1914 (Volume 1) Gordon H. Boyce, 2024-03-25 Winner of the Canadian Nautical Research Society's Keith Matthews Award for Best Book 2024 Celebrated in the novels of Joseph Conrad and vintage films tramp ships the precursor of bulk carriers are not well understood today Yet these vessels transported in bulk essential minerals and ores grains timber and other commodities and played a vital role in creating the modern global economy While the histories of some individual tramp firms have been written this book uses personal correspondence and surviving company records to chart the development of the entire industry the largest in the world during a period of transformational technical change Who were the bold risk takers who founded tramp firms How did they mobilise the resources needed to enter this dynamic sector build immense companies and accumulate vast fortunes Why did others fail This study reveals how executives learned the art of managing tramps and developed strategic networking skills Tramp shipping resonates with many of today's high growth industries it was an information intensive high stress operation that required rapid sometimes instinctive decision making within a turbulent market Building business networks was supported by a distinctive culture that streamlined communication This innovative study places information knowledge learning culture and communication at the centre of the analysis in order to transport readers into the minds of those fascinating entrepreneurs who helped build the modern world The ^AGreat Sea David Abulafia, 2011-06-01 The Mediterranean Sea has been a crucial site of cross cultural exchange since the beginning of human history This book is certain to become the definitive work on the Mediterranean Sea for generations **Race and the Totalitarian Century** Vaughn

Rasberry,2016-10-03 Vaughn Rasberry turns to black culture and politics for an alternative history of the totalitarian century He shows how black writers reimagined the standard antifascist anticommunist narrative through the lens of racial injustice with the U S as a tyrannical force in the Third World but also an agent of Asian and African independence [Under Osman's](#)

[Tree](#) Alan Mikhail,2019-03-08 Osman the founder of the Ottoman Empire had a dream in which a tree sprouted from his navel As the tree grew its shade covered the earth as Osman s empire grew it too covered the earth This is the most widely accepted foundation myth of the longest lasting empire in the history of Islam and offers a telling clue to its unique legacy Underlying every aspect of the Ottoman Empire s epic history from its founding around 1300 to its end in the twentieth century is its successful management of natural resources Under Osman s Tree analyzes this rich environmental history to understand the most remarkable qualities of the Ottoman Empire its longevity politics economy and society The early modern Middle East was the world s most crucial zone of connection and interaction Accordingly the Ottoman Empire s many varied environments affected and were affected by global trade climate and disease From down in the mud of Egypt s canals to up in the treetops of Anatolia Alan Mikhail tackles major aspects of the Middle East s environmental history natural resource management climate human and animal labor energy water control disease and politics He also points to some of the ways in which the region s dominant religious tradition Islam has understood and related to the natural world Marrying environmental and Ottoman history Under Osman s Tree offers a bold new interpretation of the past five hundred years of Middle Eastern history
