Making Of Arab News:

The Making of Arab News Noha Mellor, 2005-01-28 Since September 11 Arab and American journalists have been trading barbs accusing each other of bias and a lack of objectivity But is news coverage in Arab countries all that different from American coverage The Making of Arab News draws comparisons including examples of Arabic news language and their English translations to show how Arab news values have been Americanized and how these values are reflected in the language used in the Arab news Noha Mellor further discusses claims that the current development in the Arab news media could be the first step toward democratization Reporting in the MENA Region Mohammad Ayish, Noha Mellor, 2015-10-22 In this consideration of media practice in the Arab region Mohammad Ayish and Noha Mellor explore the changing status and function of journalists and journalism given the new realities of reporting in the digital age The authors draw on focus group discussions interviews and social media traffic surveys to examine how social and new media have been integrated into Arab and pan Arab newsroom operations and harnessed to enhance engagement with an empowered audience Efforts to engage with audiences in social space Ayish and Mellor argue are part of a broad and long waged information war aimed at winning hearts and minds in the MENA region Social platforms present excellent opportunities to engage with audiences but the extent to which such opportunities can be realized are hamstrung by limits on free expression and online access and vary significantly from country to country and from media channel to media channel Overall Reporting in the MENA Region paints a comprehensive and contemporary picture of how today's Arab journalists perceive and use digital media *The New Silk Road leads through the Arab Peninsula* Anna Visvizi, Miltiadis D. Lytras, Wadee Alhalabi, Xi Zhang, 2019-07-10 This book is an incisive query into the origins implications and opportunities that China's Belt and Road Initiative creates for stakeholders in Asia and the Arab World It emphasises the role of cutting edge technology in boosting collaboration in the fields of politics economics business and culture across regions countries and continents *Arab News and Conflict* Samia Bazzi, 2009-10-22 The Arab Israeli struggle is not only a struggle over land but a struggle over language representations Arab reporters as well as politicians believe that their political discourses about the Middle East conflict are objective accurate and credible Arab News and Conflict critically examines the role of language in the representations of events and ideologies found in news media Drawing on socio political linguistic approaches combined with real case studies the author offers a unique discourse analysis model for analysing politically sensitive language in the media The focus in this study is on the Arab media discourse in times of conflict with Israel and the US spanning the years 2001 to 2009 Using rich examples from outspoken Arab media outlets the study explores ideological and language facts about the Arab Israeli conflict This book is compelling reading for students and researchers of media and cultural studies discourse analysis and sociolinguistics and translation It is of equal interest to political analysts political speakers journalists and news editors who need to understand more about the ideological function of the language they use or the political journalistic linguistic nexus of power **A Malay-English**

dictionary Richard James Wilkinson, 1901 *Palestinians in Jerusalem and Jaffa, 1948* Itamar Radai, 2015-12-14 Between November 1947 and May 1948 war between the Palestinian Arab community and the Jewish community encompassed Palestine with Jerusalem and Jaffa becoming focal points in the conflict due to their centrality size and symbolic importance Palestinians in Jerusalem and Jaffa 1948 examines Palestinian Arab society institutions and fighters in Jerusalem and Jaffa during the conflict It is one of the first books in English that deals with the Palestinian Arabs at this crucial and tragic moment in their history with extensive use of Arabic sources and an inquiry from the Palestinian vantage point It examines the causes of the social collapse of the Palestinian Arab communities in Jerusalem and Jaffa during the 1948 inter communal war and the impact of this collapse on the military defeat This book reveals that the most important internal factors to the Palestinian defeat were the social changes that took place in Arab society during the British Mandate namely internal migration from rural areas to the cities the shift from agriculture to wage labour and the rise of the urban middle class By looking beyond the well established external factors this study uncovers how modernity led to a breakdown within Palestinian Arab society widening social fissures without producing effective institutions and thus alienating social classes both from each other and from the leadership With careful examination of a range of sources and informed analysis of Palestinian social history *Palestinians in Jerusalem and Jaffa 1948* is a key resource for students and scholars interested in the modern Middle East Palestinian Studies the Arab Israeli conflict and Israel Studies **Modern Arab Journalism** Noha Mellor, 2007-11-30 *Modern Arab Journalism* offers a new outlook in studying Arab news media It approaches its subject from an innovative angle asking a series of key questions How is Arab journalism different from or similar to journalism in other countries What defines the tasks of journalists Who has access to this field How is power distributed inside the field of Arab journalism When were the media programs launched at Arab universities and what characterizes them Although the field of Arab journalism has received tremendous attention from the public as well as journalistic circles around the world in recent times this book presents the first detailed exploration of the area opening up a new research agenda and challenging the concepts taken for granted in Arab media scholarship *Museums in Arabia* Karen Exell, Sarina Wakefield, 2016-05-12 Museum activity has in recent years undergone major and rapid development in the Arabian Peninsula with the regeneration of existing museums as well as the establishment of new ones Alongside such rapid expansion questions are inevitably raised as to the new challenges museums face in this region and whether the museum as a central focus of heritage preservation also runs the risk of overshadowing local forms of heritage performance and preservation With contributions from leading academics from a range of disciplines and heritage practitioners with first hand experience of working in the region this volume addresses the issues and challenges facing museums in Kuwait Saudi Arabia Qatar Yemen and the UAE It focuses on the themes of politics public engagement and the possibility of a new museum paradigm which might appropriately reflect the interests and culture of the region The interdisciplinary approaches analyse museum development from both an inside

and outside perspective suggesting that museums do not follow a uniform trajectory across the region but are embedded within each states socio cultural context individual government agendas and political realities Including case study analysis which brings the more marginal nations into the debates as well as new empirical data and critical evaluation of the role of the museum in the Arabian Peninsula societies this book adds fresh perspectives to the study of Gulf heritage and museology It will appeal to regional and international practitioners and academics across the disciplines of museum studies cultural studies and anthropology as well as to anyone with an interest in the Gulf and Middle East Modern Arab Journalism Noha Mellor,2007 An introduction to the subject of Arab journalism drawing on Arabic as well as English language sources
