## **Book Review Digest** , 2001      **Raoul Walsh** Marilyn Ann Moss, 2011-06-17

Raoul Walsh 1887-1980 was known as one of Hollywood's most adventurous, iconoclastic and creative directors. He carved out an illustrious career and made films that transformed the Hollywood studio yarn into a thrilling art form. Walsh belonged to that early generation of directors along with John Ford and Howard Hawks who worked in the fledgling film industry of the early twentieth century learning to make movies with shoestring budgets. Walsh's generation invented a Hollywood that made movies seem bigger than life itself. In the first ever full length biography of Raoul Walsh author Marilyn Ann Moss recounts Walsh's life and achievements in a career that spanned more than half a century and produced upwards of two hundred films many of them cinema classics. Walsh originally entered the movie business as an actor playing the role of John Wilkes Booth in D W Griffith's The Birth of a Nation 1915. In the same year under Griffith's tutelage Walsh began to direct on

his own Soon he left Griffith's company for Fox Pictures where he stayed for more than twenty years It was later at Warner Bros that he began his golden period of filmmaking Walsh was known for his romantic flair and playful persona Involved in a freak auto accident in 1928 Walsh lost his right eye and began wearing an eye patch which earned him the suitably dashing moniker the one eyed bandit During his long and illustrious career he directed such heavyweights as Humphrey Bogart James Cagney Errol Flynn and Marlene Dietrich and in 1930 he discovered future star John Wayne When Hollywood Loved Britain Mark Glancy,1999-08-20 When Hollywood Loved Britain examines the Hollywood British film American feature films that were set in Britain based on British history or literature and included the work of British producers directors writers and actors British films include many of the most popular and memorable films of the 1930s and 1940s yet they have received little individual attention from film historians and even less attention as a body of films While the book is centered on wartime British films it also investigates wider issues the influence of censorship and propaganda agencies during Hollywood's studio era studio finances the isolationist campaign in the United States between 1939 and 1941 and American perceptions of Britain at war C.
