Emotions impact any practitioner of dispute resolution, yet there are very few programs with courses that explore the emotional side of disputes. In *Mediation, Conciliation, and Emotions*, Peter Ladd outlines the emotions found in disputes and how these emotions function in dispute resolution. The book is divided into two parts: emotions and mediation, and emotions and conciliation. These parts examine the phenomenon of mediation, how to control emotions during mediation sessions, and how different disputes require different modes of emotional reconciliation. *Mediation, Conciliation, and Emotions* offers practical advice and information about the role of emotions in dispute resolution. It is an indispensable tool for practitioners of dispute resolution. Author Peter Ladd has developed a computer program which simplifies scoring of the Emotional Climate Inventory offered in the book's Appendix. This program can be accessed via St. Lawrence University Graduate School of Education's website at www.stlawu.edu/education.

Bedroom Makeovers Frances Halliday, 2001-08. Color is a wonderful tool that transforms everything it touches, affecting us in ways that we do not fully appreciate. The bedroom is often the last room to be decorated, and yet it is the one room where people can really express themselves. In the six makeover styles presented, color is not only enjoyed in paint but also in other elements such as fabric and wallpaper. With information on preparation and basic techniques, an absolute beginner can have the confidence to put these ideas into practice. Over 20 step-by-step projects allow as much or as little of the particular look to be re-created as desired. Frances Halliday earned an honors degree in Fine Art from Birmingham Polytechnic and went on to become a muralist before opening her own interior design business. She is a regular contributor to Homes & Gardens and other magazines, where her work is distinguished by a strong use of color and bold pattern.
