Muthos Loren D. Marsh, 2021-04-12 This book presents a new analysis of Aristotle s concept of narrative in the Poetics Arguing that the term muthos in the Poetics cannot be understood as equivalent to plot Marsh shows that the muthos concept is instead a useful tool for grouping larger sets of narratives based on specific criteria The results of this muthos analysis indicate that in the classical period neither formal structure nor the structure of events was determined by theatrical genre but by the specific combination of tone and plot type Marsh concludes that the category of genre itself may be less helpful for classifying these plays than is typically assumed

Batto,2013-05-01 Bernard F Batto spent the bulk of his career examining the ancient Near Eastern context of the Hebrew Bible with particular interest in the influence of the surrounding cultures on the biblical creation stories This collection gathers six of his most important previously published essays and adds two new contributions Among the essays Batto identifies various creation motifs prevalent in the ancient Near East and investigates the reflexes of these motifs in Genesis 1:11 and other biblical accounts of the primeval period He demonstrates how the biblical writers adapted and responded to the creation ideas of Mesopotamia Egypt Ugarit and elsewhere The articles in the volume were written as independent essays Nevertheless they are united by theme Throughout Batto makes clear his understanding of the Hebrew Bible as a patently unique text yet one that cannot possibly be understood independent of greater cultural sphere in which it developed In the Beginning will serve as an indispensable resource for those interested in both the biblical ideas of creation and the mythology of the ancient Near East that influenced them
