## **Myth Retelling Step By Step:**

*Where Do You Get Your Ideas?* Fred White,2012-11-05 Discover the Journal From Initial Idea to Completed Story A wardrobe that leads to a fantasy world a rendition of Hamlet told by Rosencrantz and Guildenstern the life and times of the Wicked Witch of the West Just where do successful writers get their ideas Author Fred White demystifies the creative process of idea generation by breaking it down into six essential stages idea recognition idea incubation outlining research drafting and revision In Where Do You Get Your Ideas you will learn How to create organize and keep a writer s notebook Where to look for ideas in daily observations books news articles and magazines and how to recognize a story when you see one Techniques for developing ideas into creative works of fiction and non fiction free associating listing mapping and collaging How to transform a good idea into a great story novel or memoir With practical advice techniques and exercises plus 75 seminal ideas to jump start your creativity Where Do You Get Your Ideas will pull back the curtain on the magic of idea generation and reveal the wealth of writing inspiration right in front of you

Myth Reworks Sarah Coleman, AI, 2025-05-05

Myth Reworks explores the fascinating intersection of ancient mythology and contemporary fantasy literature It examines how enduring narratives symbols and archetypes from historical religious and belief systems are reconfigured in modern storytelling The book highlights the idea that these reworkings aren t mere creative borrowing but a reflection of our ongoing need to grapple with fundamental questions about identity and morality For example ancient sacred spaces are often reimagined in fantasy settings carrying symbolic weight that resonates with audiences even today The book delves into the adaptation of mythological figures the restructuring of ancient story patterns and the reimagining of sacred spaces It dissects how figures like gods and heroes are recast for modern narrative purposes It also analyzes how traditional plot structures such as the hero s journey are deconstructed and reassembled to address contemporary themes This approach offers valuable insights into the origins of our cultural narratives and the evolving nature of storytelling showing how ancient myths continue to shape our modern understanding The book begins by exploring the historical development of mythology tracing its evolution from ancient religious practices to its role as a source of literary inspiration Subsequent sections address the adaptation of mythological figures the manipulation of story patterns and the reinvention of sacred spaces The final chapter synthesizes these findings offering a broader perspective on the cultural significance of myth reworking and its implications for the future of fantasy

*Write with Fire* Charles Allen Gramlich, 2009-07-01 This guide to writing fiction is divided into three sections Part One deals with the mechanics of writing How do you get ideas and shepherd them through the writing and editing process into finished and publishable form Where do you look for markets Part Two consists of more general articles about writing and writers Part Three includes pieces that are more personal to the author s own history as a writer A bibliography of suggested reading completes the guide Page 4 of cover

The Discourse of Kingship in Classical Greece

Carol Atack, 2019-10-11 This book examines how ancient authors explored ideas of kingship as a political role fundamental to

the construction of civic unity the use of kingship stories to explain the past and present unity of the polis and the distinctive function or status attributed to kings in such accounts It explores the notion of kingship offered by historians such as Herodotus as well as dramatists writing for the Athenian stage paying particular attention to dramatic depictions of the unique capabilities of Theseus in uniting the city in the figure of the democratic king It also discusses kingship in Greek philosophy the Socratics identification of an art of kingship and Xenophon and Isocrates model of virtue monarchy In turn these allow a rereading of explorations of kingship and excellence in Plato s later political thought seen as a critique of these models and also in Aristotle s account of total kingship or pambasileia treated here as a counterfactual device developed to explore the epistemic benefits of democracy This book offers a fascinating insight into the institution of monarchy in classical Greek thought and society both for those working on Greek philosophy and politics and also for students of the history of political thought

*World Literature Decentered* Ian Almond,2021-07-13 What would world literature look like if we stopped referring to the West Starting with the provocative premise that the West is ten percent of the planet World Literature Decentered is the first book to decenter Eurocentric discourses of global literature and global history not just by deconstructing or historicizing them but by actively providing an alternative Looking at a series of themes across three literatures Mexico Turkey and Bengal the book examines hotels melancholy orientalism femicide and the ghost story in a series of literary traditions outside the West The non West the book argues is no fringe group or token minority in need of attention on the contrary it constitutes the overwhelming majority of this world
