Pufendorf's Theory of Sociability: Passions, Habits and Social Order Heikki Haara, 2018-11-08 This book centres on Samuel Pufendorf's 1632-1694 moral and political philosophy a subject of recently renewed interest among intellectual historians philosophers and legal scholars in the English speaking world Pufendorf's significance in conceptualizing sociability in a way that ties moral philosophy the theory of the state political economy and moral psychology together has already been acknowledged but this book is the first systematic investigation of the moral psychological underpinnings of Pufendorf's theory of sociability in their own right Readers will discover how Pufendorf's psychological and social explanation of sociability plays a crucial role in his natural law theory By drawing attention to Pufendorf's scattered remarks and observations on human psychology a new interpretation of the importance of moral psychology is presented The author maintains that Pufendorf's reflection on the psychological and physical capacities of human nature also matters for his description of how people adopt sociability as their moral standard in practice We see how since Pufendorf's interest in human nature is mainly political moral psychological formulations are important for Pufendorf's theorizing of social and political order This work is particularly useful for scholars investigating the multifaceted role of passions and emotions in the history of moral and political philosophy It also affords a better understanding of what later philosophers such as Smith Hume or Rousseau might have found appealing in Pufendorf's writings As such this book will also interest researchers of the Enlightenment natural law and early modern philosophy

The Kyoto Post-COVID Manifesto For Global Economics Stephen Hill, Tadashi Yagi, Stomu Yamash'ta, 2022-05-05 This book The Kyoto Post COVID Manifesto for Global Economics KM PC is a sequel to our 2018 book The Kyoto Manifesto for Global Economics KM I 2018 It further exposes the failures of a global economic regime that based on self interest has led to the enormously unequal and fragmented society of today and our decreased ability to respond and recover from the critical worldwide consequences of such a regime over time notably climate change At stake is our very survival beyond the twenty first century The fundamental tenet of this book is that our power to heal our currently fractured society lies in the depth of our humanity in our shared human spirit and spirituality What is sacred or of imperishable supreme value is what we can be as a human race empowered fulfilled individuals living in harmony deeply sharing and caring for one another and the environment that sustains us across our distinct cultures and worlds in which we live Thus the norms in our economic relations do not have to be those of self interest that separates us the ever watchful distrust represented by the deal and immediate economic advantage for me Instead we can build an economic frame for our society

based on mindfulness care mutual human benefit and trust on our shared humanity Our argument was complete and we were ready to publish But then suddenly from the dawning of 2020 everything changed COVID 19 invaded and the world as we knew it simply stopped No one saw it coming As authors we waited to watch and seek to understand The result is that the book captures the COVID trauma and against the fractures based on self interest already visible in today s society assesses the impact of COVID 19 now and for the future Focusing on a humanity based economics is even more important now and this book shows why Chapter 15 is available open access under a Creative Commons Attribution 4 0 International License via link [springer com](https://www.springer.com) **Report of the Tests of Metals and Other Materials for Industrial Purposes** United States.
