that had largely remained hidden and suppressed Today it has exploded into public awareness by mass movements like MeToo demanding justice for sexual assault victims This movement joins other recent social movements including Black Lives Matter and advocates of safety from gun violence which along with MeToo constitute a revolt of submissives no longer willing to endure unwanted violence This thoughtful examination of the history and content of violent pornography reveals portentous patterns and developing trends By examining pornography s violent content Pollard forces us to confront wider social and cultural violence Sadomasochism Popular Culture and Revolt will be of great interest to scholars of gay and lesbian studies and queer studies while being a vital text for undergraduate and graduate instructors of social movement studies in sociology political science American Studies and history
