Personalization is becoming important for the newer generations in both developed and developing markets, so Sarkar describes approaches to make them cost effective. In our era of instant gratification, customers want what they want now. Sarkar explains how you can develop and deliver products and services faster than ever. And since a few bad Yelp reviews, social media posts, or angry tweets from customers can ruin you, Sarkar shows how to proactively make sure the quality of your products and services stays better than that of your competitors. The key to survival in this era of changing customer needs is to focus on and address them quickly so customers don't switch to the competition. Drawing on his experiences with leading companies worldwide, Sarkar offers five strategies and techniques that will keep you ahead of the curve. *Global Sources Telecom Products*, 2007
