The Modern Rhyming Dictionary, Revised Edition Gene Lees, 1987-01-01 Gene Lees bestseller for songwriters has been revised. In addition to providing fascinating creative and clear techniques for writing lyrics, this edition now includes a new foreword by renowned songwriters Alan and Marilyn Bergman, a new chapter called Tattered Standards which outlines the lack of literacy in certain modern songs and shows you how to avoid it, a new chapter called The Words You Choose which examines why words from some language families are subconsciously more appealing than those from others and much more. Invaluable to the beginner, this book will also prove beneficial to professionals, poets, linguists, and teachers. **Songwriters & Poets Modern Rhyming Dictionary**, 1981 **The Complete Rhyming Dictionary, and Poet's Craft Book** Clement Wood, 1936 **A Dictionary of Modern English Usage** Henry Watson Fowler, 1926 **The Complete Idiot's Guide to Songwriting** Joel Hirschhorn, 2004 A comprehensive book for today's amateur musician interested in creating and writing his or her own songs. This new edition features coverage of the music business along with the ins and outs of selling a song, including working with publishers, producers, artists, managers, accountants, agents, and even attorneys. Best of all, this newest edition features special chapters on genre songwriting with all new coverage of Latin music, Rock, Blues, Children's music, writing for television, film, and more. Now you can get a glimpse into his thought processes and years of experience with this dictionary. Cahn felt strongly that it didn't matter what a lyric looked like on paper; what mattered was how it sounded when it was sung. As a result, this book was put together with the songwriter's needs in mind. It contains 50,000 words that are arranged phonetically according to vowel sounds rather than alphabetically. This invaluable reference tool also includes a 32-page introduction by Cahn in which he relates stories from his work with notable composers and partners Jule Styne and Jimmy Van Heusen. For any lyricist with a song in their heart but a block in their brain, there is no better muse than The Sammy Cahn Rhyming Dictionary. Sammy's words fit my mouth; the best of all the writers. Frank Sinatra. Sammy Cahn's music literally traces the development of American popular song from the 1920s until nearly the end of the 20th century. Chuck Kaye, President DreamWorks Music Publishing. Lyricist Sammy Cahn's prolific career began with the composition of his first hit song at age 16 and went on to span more than five decades. An Oscar and Emmy winner, Tony nominee, and inductee in the Songwriter's Hall of Fame, Cahn put words into the
