Henri Frédéric Amiel

Moment Of True Feeling:

A Moment of True Feeling Peter Handke, 1977 Moment of True Feeling Peter Handke, 1957-08 **A Moment of True Feeling** Peter Handke, 1977-06-01 At the beginning of Nobel Prize winner Peter Handke's novel *A Moment of True Feeling* Gregor Keuschnig awakens from a nightmare in which he has committed murder and announces 'From today on I shall be leading a double life'. The duplicity however lies only in Keuschnig's mind: his everyday life as the press attaché for the Austrian Embassy in Paris continues much as before: routine paperwork, walks in the city, futile intimacies with his family and his mistress. But Keuschnig is oblivious to it all, merely simulating his previous identity while he searches for a higher significance, a mystical moment of true sensation which can free him from what the novel calls life's dreadful normalcy. Convinced that if he fails life's meaning will be revealed to him only when it is too late, he looks for portents everywhere. Keuschnig's search takes him through all of Paris. At every step his feelings are interwoven with acute observation of its streets, buildings, cafés, parks, sky. It is an intimate and evocative journey in a city that is at once supportive and familiar, strange and provocative. All Power to the Imagination! Sabine Von Dirke, 1997-01-01 *All Power to the Imagination* is a history of the counterculture's immensely influential role in West German cultural and political life. Sabine von Dirke opens with an examination of nascent countercultural movements in West Germany during the 1950s. She then moves to a nuanced account of the student movement of the 1960s, describing its adaptation of the theories of Marcuse, Adorno and Benjamin, then recounting its attack on bourgeois notions of the autonomy of art and culture. She next examines the subsequent development of a radical aesthetic and the effects of left-wing terrorism on Germany's political climate. Later chapters focus on the *Tagesspiegel*, the ecology movement and the rise of the Green Party. Von Dirke concludes by asking whether the evolution that this book traces from Marxist-influenced critiques of culture and society to more diverse, less doctrinaire left-wing positions represents progress or a betrayal of radical ideals. An ambitious study of the German left, this book is an important contribution to our understanding of postwar European history. MOMENT OF TRUE FEELING TRANS. R. MANHEIM.
