Modern Rites Of Passage:

Modern Rites of Passage Martha S. Rinehart, 1991 **Modern Rites of Passage** Chas Clifton, 1993 *Witchcraft Today* Book Two Rites of Passage is about how people following a Pagan lifestyle are able to deal with current problems through the help of ritual and wisdom. This book is about ritual, the glue that binds Pagan culture. Many teachers of Witchcraft focus on young, usually single adults. This collection of writings takes a wider view with the long term goal of presenting a living Pagan culture. If modern Pagan traditions are to persist and have any effect on the world community in an overt way, they must encompass people of all ages. *Witchcraft Today: Modern Rites of Passage* deals with just these issues. It is organized according to some of life's significant markers: birth, puberty, adulthood, partnership, parenthood. Articles include: Childbirth and Wiccanizing, Raising a Pagan child, Between the Worlds, late adolescence and early adulthood in modern Paganism, Working with an under-aged seeker, Reflections on conversion to Wicca, Initiation by Ordeal, military service as a passage into adulthood, Handfasting, marriage and the modern pagan Puberty rites for adult women, Pagan approaches to illness, grief and loss, Witches after forty, Pagan rites of dying. Collected and edited by Chas S. Clifton. *Witchcraft Today: Modern Rites of Passage* features some powerful writers from the pagan community, including Patricia Telesco, Anodea Judith, Oz Grey Cat, Judy Harrow and others. If Witchcraft is to grow and expand, it must deal effectively with issues facing its practitioners today. Performing magic, working spells, devotion to the Lord and Lady are important, but the Craft must also deal with practical issues facing its followers. That's where *Witchcraft Today: Modern Rites of Passage* comes in. To learn more about the ways other Pagans are dealing with current issues, or to bring some potential insights into your own practice of Wicca, get *Witchcraft Today: Book Two: Modern Rites of Passage*.

Crossroads Louise Carus, Mahdi, Nancy Geyer, Christopher, Michael Meade, 1996 *Thinkers and activists from many orientations and traditions are now coming together to explore ways to reconstitute rites of passage as a form of community healing for our public and personal ills.* *Crossroads* is a comprehensive collection of over fifty cutting edge writings on diverse aspects of the transition to adulthood. In no uncertain terms, *Crossroads* opens our eyes to our responsibility to the adolescents who are now growing up without sacred rituals and hence without knowledge of spiritual roots in their culture. Many of the writers have first hand experience and first rate ideas of how to transform this cultural crisis. *Crossroads* also challenges us to integrate our own inner adolescent. Piercing insight with realistic hope, Marlon Woodman, *The Ravaged Bridegroom*.

Building Love That Lasts Clinton Callahan, 2019-09-15 Clinton Callahan is an original thinker, Marilyn Ferguson, author, *The Aquarian Conspiracy* and *Aquarius Now*, and former editor, *Brain Mind Bulletin*. For modern seekers responding to the call for initiation into relationship, here is an open invitation. MALIDOMA, SOME AUTHOR OF WATER AND THE SPIRIT. It's one of those rare books that will definitely wake you up. I consider it must reading for anyone seriously interested in the path of conscious relationship. John Welwood, author of *Journey of the Heart* and *Perfect Love, Imperfect Relationships*. This hard hitting and innovative book about partnered relationship immediately challenges the

deceptions about love and intimacy rampant in today's patriarchal culture. At the same time *Building Love That Lasts* reveals a step by step process for discovering and living out alternative possibilities. The author claims that even the best of our relationships are still generally basic level what he calls Ordinary Human Relationship. He asserts that two more domains remain to be explored namely Extraordinary Human Relationship and Archetypal Love. The book describes exactly how to enter these new domains and how to stay there long enough to cultivate genuine intimacy, nurturance, excitement and satisfaction together. The material for this book is startlingly original and fresh directly distilled from over thirty years of trial error and reevaluation within seminars and trainings conducted by the author in the U.S. and Europe. The essential teaching tools are Thought Maps that illustrate and guide the dynamics of evolving relationship coupled with a series of experiments explorations to be undertaken alone or with one's partner. Topics include Making the leap from Defensive Learning to Expansive Learning, Breaking out of the relationship Box, The lie of being unlovable, Navigating in the realm of feelings, Communication skills for explorers.

Making European Masculinities J. A. Mangan, 2013-10-08

As sport has grown progressively replacing religion in its power to excite passion, provide emotional escape, offer fraternal and increasingly sororital bonding, it has come to loom larger and larger in the lives of Europeans and others. It has become an inescapable reality linking public environment with intimate experience and thus offers the historian an opportunity to inspect and attempt to grasp all the dimensions of the recent past and their relative share in individual and collective experience. This collection considers the evolution of modern sport in Europe and examines its role in shaping masculine identity.

Africa
Toyin Falola, Daniel Jean-Jacques, 2015-12-14

These volumes offer a one stop resource for researching the lives, customs and cultures of Africa's nations and peoples. Unparalleled in its coverage of contemporary customs in all of Africa, this multivolume set is perfect for both high school and public library shelves. The three volume encyclopedia will provide readers with an overview of contemporary customs and life in North Africa and sub-Saharan Africa through discussions of key concepts and topics that touch everyday life among the nations' peoples. While this encyclopedia places emphasis on the customs and cultural practices of each state, history, politics and economics are also addressed. Because entries average 14 000 to 15 000 words, each contributors are able to expound more extensively on each country than in similar encyclopedic works with shorter entries. As a result, readers will gain a more complete understanding of what life is like in Africa's 54 nations and territories and will be better able to draw cross cultural comparisons based on their reading.

Rites of Passage in Contemporary Africa James Leland Cox, 1998

The articles which comprise this book were delivered initially at a conference held at the University of Zimbabwe 21-24 June 1994 on the interaction between Christian religion and traditional African religions. This text demonstrates that the academic study of religion is not only responsive to developments in religious life but is interested in actively exploring the symbolic structures expressed in Christian and traditional ritual activities. Academic understanding is shown to be interactive with the many factors which compromise meaning within
