*Wicca's Charm* Catherine Sanders, 2009-08-05 How Wiccan Spirituality Is Filling a Spiritual Hunger in America. Hundreds of thousands of people practice Wicca and other forms of modern Pagan spirituality in America today and journalist Catherine Edwards Sanders wanted to understand why such belief systems are rapidly attracting followers. When a routine magazine assignment led her to realize that her stereotype of Wiccans as eccentric spiritual outsiders was embarrassingly misinformed her curiosity compelled her to understand the Wiccan mystique. With the support of a journalism fellowship Sanders spent a year interviewing neo Pagans and witches and found that the lure of this emerging spirituality was not the occult but rather a search for meaning in an increasingly fragmented and materialistic culture. With keen observation challenging insight and compassionate critique Sanders produces a lively narrative about what she experienced and discovered during her travels Halloween rituals in Salem anti globalization protests in New York and the contrasts between what seekers find in neo Paganism that they perceive as lacking in Christian tradition. In *Wicca's Charm* Sanders explains the powerful attraction of an increasingly mainstream spirituality that celebrates the wonder of creation and the life giving energy of women while also exploring why Christian churches often fail to engage these seekers but how they can learn to tap into the deep roots of Christianity to nourish the hunger of so many who seek a holistic and authentic worship experience.

**The Triumph of the Moon** Ronald Hutton, 2019 This is the second and extensively revised edition of the first full scale scholarly study of what is arguably the only fully formed religion that England has ever given the world that of modern pagan witchcraft which has now spread from English shores across four continents. Ronald Hutton examines the nature of that religion and its development and offers a history of attitudes to witchcraft paganism and magic in British society since 1800. Its pages reveal village cunning folk Victorian ritual magicians classicists and archaeologists leaders of woodcraft and scouting movements Freemasons and members of rural secret societies. We also find some of the leading figures of English literature from the Romantic poets to W B Yeats D H Lawrence and Robert Graves as well as the main personalities who have represented pagan witchcraft to the public world since 1950. Thriller writers like Dennis Wheatley and

films and television programmes get similar coverage as does tabloid journalism The material is by its very nature often sensational and care is taken throughout to distinguish fact from fantasy in a manner not hitherto applied to most of the stories involved Consistently densely researched Triumph of the Moon presents an authoritative insight into an aspect of modern cultural history which has attracted sensational publicity but has hitherto been little understood This edition incorporates all of the new research carried out into the subject by the author and by others who have often been inspired by this book during the twenty years since it was first published
