Mojo Conjure Stories:

Mojo Nalo Hopkinson, 2003 **Mojo** Nalo Hopkinson, 2003-04-01 When enslaved people were brought from the western part of Africa to the Americas they were forbidden to speak their native languages or practice their religions in the New World *The Carnavalesque Defunto* Robert Henry Moser, 2008 *The Carnavalesque Defunto* explores the representations of death and the dead in Brazil's collective and literary imagination The recurring stereotype of Brazil as the land of samba soccer and sandy beaches overlooks a more complex cultural heritage in which since colonial times a relationship of proximity and reciprocity has been cultivated between the living and the dead Robert H Moser details the emergence of a prominent motif in modern Brazilian literature namely the carnivalesque defunto the dead that in the form of a protagonist or narrator returns to beseech instruct chastise or even seduce the living Drawing upon the works of esteemed Brazilian writers such as Machado de Assis Verissimo and Jorge Amado Moser demonstrates how the defunto through its mocking laughter and Dionysian resurrection simultaneously subverts and inverts the status quo thereby exposing underlying points of tension within Brazilian social and political history Incorporating elements of both a celestial advocate and an untrustworthy specter the defunto also serves as a metaphor for one of modern Brazil's greatest dilemmas reconciling the past with the present *The Carnavalesque Defunto* offers a comparative framework by juxtaposing the Brazilian literary ghost with other Latin American Caribbean and North American examples It also presents a cross disciplinary approach toward understanding the complex relationship forged between Brazil's spiritual traditions and literary expressions
