**Philip Gossett**

## **Masters Of Italian Opera:**

**The New Grove Masters of Italian Opera** Philip Gossett, Friedrich Lippmann, Andrew Porter, 1983 These five biographies provide the first complete survey of Italian opera from the early buffo operas of Rossini to Verdi's great masterpieces *Otello* and *Falstaff* and the verismo operas of Puccini. Andrew Porter has been highly praised for his original and enlightening account of Verdi and Philip Gossett has received similar acclaim for his treatment of Rossini. Porter, Gossett, William Ashbrooke, Julian Budden, Mosco Carner, and Friedrich Lippmann all acknowledged experts in the field of Italian opera combine to offer insight into the traditions and workings of one of the most fascinating periods in the history of opera.

**Divas and Scholars** Philip Gossett, 2008-05-30 *Divas and Scholars* is a dazzling and beguiling account of how opera comes to the stage filled with Philip Gossett's personal experiences of triumphant and even failed performances and suffused with his towering passion for music. Gossett, the world's leading authority on the performance of Italian opera, brings to life the problems and occasionally the scandals that attend the production of some of our favorite operas. Gossett begins by tracing the social history of nineteenth-century Italian theaters in order to explain the nature of the musical scores from which performers have long worked. He then illuminates the often hidden but crucial negotiations between what is written and how it is interpreted by opera conductors and performers.

**Verdi** Victor Lederer, 2014-08-01 *Unlocking the Masters* Giuseppe Verdi's career forms one of the loveliest arcs in musical history. The passion of his works resonates universally while the sophistication of his middle and late operas satisfies demanding ears and tastes. In *Verdi: The Operas and Choral Works* Victor Lederer surveys every one of the master's 28 operas and his greatest choral pieces, showing Verdi's growth as a musical dramatist: he would revolutionize the hidebound conventions of 19th-century Italian opera and his single-minded pursuit of dramatic truth. After describing the chaotic milieu in which Verdi learned his craft, the book provides act-by-act analyses of the early masterpieces *Nabucco*, *Ernani*, and *Macbeth*. The neglected operas from the composer's self-described years in the galleys are covered together. Lederer then takes readers through the magnificent sequence of Verdi operas from *Luisa Miller* onward, including the fine but underrated *Stiffelio*. Each of the late operas *Don Carlo*, *Aida*, and *Otello* and *Falstaff*, the twin Shakespearean masterworks that crown Verdi's oeuvre, is discussed at length in its own chapter. Lederer also examines Verdi's monumental *Requiem* along with the choral *Quattro pezzi sacri*, Verdi's sublime final achievement. The book comes with audio of musical selections representing highlights from throughout Verdi's long remarkable career.
