## **Masters And Johnson Explained:**

**Masters and Johnson Explained** Nat Lehrman, William H. Masters, Virginia E. Johnson, 1976    [Masters and Johnson Explained](#) William Howell Masters, Virginia Eshelman Johnson, 1976    **The Etherized Wife** Leslie Margolin, 2021 The Etherized Wife provides a comprehensive examination of the evolution of sex therapy through the prism of gender. The book makes the argument that in sex therapy like other domains of life in which men set the standard of normality women have been judged normal to the degree they match men's expectations. What is particularly striking about this bias is that it contradicts therapists' overt identification with feminism and the battle against women's inequality. To support these claims Leslie Margolin maps a series of case studies drawn from the discipline's own literature the articles and books that have been and continue to be treated as exemplars of the discipline's collective consciousness. Through examination of case studies which focus on discrepancies in sexual desire where the man wants more sex and the woman less the book shows how therapists have favoured the man's side. The Etherized Wife shows how the sex therapy discipline has unintentionally enshrined male sexuality as the model of normal natural healthy sexuality    [Psychious Sex Guaranteed for Life by Using the Advanced Concepts of Romantic Love](#) Frank R. Wallace, 1976    **Masters of Sex** Thomas Maier, 2009-04-14 In Masters of Sex critically acclaimed biographer Thomas Maier offers an unprecedented look at William Masters and Virginia Johnson their pioneering studies of intimacy and the sexual revolution they inspired. Masters and Johnson began their secret studies in a small Midwest laboratory and soon became the nation's top experts on sex. Over the course of more than forty years they analyzed and explained the secrets of orgasm emotional fulfillment and sexual dysfunction. But they divorced after twenty years amid a clash of success betrayal and jealousies. Weaving interviews with the notoriously private William Masters and the ambitious Virginia Johnson Maier offers a titillating portrait of the legendary couple. Entertaining revealing and beautifully told this groundbreaking book sheds light on the eternal mysteries of desire and intimacy and their complicated roles in the American psyche    **Sex Research and Sex Therapy** Ross Morrow, 2013-06-17 Gynaecologist William Howell Masters and psychologist Virginia Eshelman Johnson pioneered research into the nature of human sexual response and the diagnosis and treatment of sexual disorders and dysfunctions from 1957 until the 1990s. This book examines their influential scientific sex research and its groundbreaking implications for sex therapy and the study of human sexuality. Until now these developments have been largely ignored in sociology. The book illuminates how Masters and Johnson have constructed their apparently scientific ideas about sexual function and dysfunction with reference to dominant Western discourses about sexuality. In addition the book will explore some of the wider theoretical conceptual and historical issues relating to the study of human sexuality. These will include a critical evaluation of conventional accounts of the history of the sociology of sex particularly in the United States major theoretical frameworks used in the study and understanding of human sexuality and some of the key concepts underpinning sex research and sex therapy    **Pornography and Sexual Representation** Joseph
