**Masters of the Seven Rays** Phillip Lindsay, Barbara Mare, 2000 The subject of the Masters has always been highly controversial ever since Madame Blavatsky announced their existence to the world at the end of the 19th century Since then there have been claims and distortions around their identity and function in the world making a travesty of the whole subject It is hoped that a more balanced perspective is presented here that can provide accurate and concise information to newcomers of the Ageless Wisdom as the subject of the Masters is one that many seekers first come across *Ascension Magick* Christopher Penczak, 2007 This practical how to guide brings a new level of clarity and synthesis to the often misunderstood path of ascension the spiritual practice of integrating higher consciousness into everyday life This comprehensive reference work explores ascension theology and techniques from a magickal perspective providing a solid foundation for beginners and greater depth and context for those already on the ascension path Powerful meditations rituals and spells for personal and planetary healing are included along with more fascinating information New Zealand Books in Print 2004 Thorpe-Bowker Staff, 2004-06 Directory containing updated bibliographic information on all in print New Zealand books 33rd edition of an annual publication The 12 500 book entries are listed by title and there is an index to authors Also provided are details of 975 publishers and distributors and local agents of overseas publishers The book trade directory includes contacts for trade organisations booksellers public libraries and specialised suppliers NZ literary awards and past winners and sources of financial assistance for writers and publishers *The Masters and Their Retreats* Mark L. Prophet, Elizabeth Clare Prophet, 2003 These great Masters from the world's spiritual traditions have retreats where we can go in spiritual meditation and while our bodies sleep at night The Prophets describe their lives and their incredible spiritual retreats **The Rays and The Initiations** Alice A. Bailey, Djwhal Khul, 2012-12-01 The first part of this volume contains the Fourteen Rules for Group Initiation an extension of the teachings given in Initiation Human and Solar on the Fourteen Rules for Applicants The second part of the book is concerned with the nine initiations by which the disciple progressively achieves liberation from the various forms of our planetary life The possibility of group initiation is a development of the present era This volume emphasises the growth of the group idea group service group responsibility **A Treatise on the Seven Rays: The rays and the initiations** Alice Bailey, 1960 Five volumes have been written under the overall title of A Treatise on the Seven Rays based on the fact the nature the quality and the interrelationship of the seven streams of energy pervading our solar system our planet and all that lives and moves within its orbit **False Dawn** Lee Penn, 2004 The interfaith movement which began with the 1893 World's Parliament of Religions in Chicago has grown worldwide Although this movement has been largely unknown to the public it now provides a spiritual face for globalization the economic and political forces leading us all from nationalism to One World The most ambitious organization in today's interfaith movement is the United Religions Initiative URI founded by William Swing the Episcopal Bishop of California Investigative reporter Lee Penn a Catholic ex

Marxist exhaustively documents the history and beliefs of the URI and its New Age and globalist allies the vested interests that support these movements and the direction they appear to be taking The interfaith movement is no longer merely the province of a coterie of little heeded religious idealists with grandiose visions The URI s proponents have ranged from billionaire George Soros to President George W Bush from the far right Rev Sun Myung Moon to the liberal Catholic theologian Hans K ng and from the Dalai Lama to the leaders of government approved Protestant churches in the People s Republic of China The interfaith movement including the URI is being promoted by globalist and New Age reformers who favor erosion of national sovereignty marginalization of traditional religions establishment of global governance and creation of a new Earth based global spirituality in effect a one world religion Therefore the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order the new civilization now proposed by Mikhail Gorbachev the last leader of the Soviet Union In The Reign of Quantity and the Signs of the Times French metaphysician Ren Gu non spoke of the anti tradition the forces of materialism and secular humanism finally giving way to the counter tradition the satanic inversion of true spirituality leading to the regime of Antichrist The anti tradition weakens and dissolves traditional spiritualities after which the counter tradition sets up a counterfeit in their place Since Gu non s time as is well known anti traditional forces have greatly advanced worldwide It is less well known that counter traditional movements have also made great strides and now stand closer to the centers of global political and religious power than ever before The counter tradition is making inroads on the political and cultural Right as much as it is doing on the Left False Dawn painstakingly documents these trends and speculates on their future development In so doing the author takes investigative reporting to the threshold of prophecy and gives us a stunningly plausible picture of the global religious landscape of the 21st century This extraordinary project is the literary equivalent of turning over a flat rock There is much to be seen and learned here all of it unsettling disquieting occasionally downright scary William Murchison Radford Distinguished Professor Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods something has gone horribly wrong In False Dawn Lee Penn has produced a comprehensive and critical history of the United Religions Initiative This book sounds a clear warning Anyone who makes theological truth subservient to utopianism denigrates all religions Douglas LeBlanc Editor GetReligion org [Little Buddhas](#) Vanessa R. Sasson,2013 Edited by Vanessa R Sasson Little Buddhas brings together a wide range of scholarship and expertise to address the question of what role children have played in Buddhist literature in particular historical contexts and their role in specific Buddhist contexts today *The Encyclopedia of Cults, Sects, and New Religions* James R. Lewis,2001-03 Surpassing the scope and the thoroughness of the first edition this new edition of The Encyclopedia of Cults Sects and New Religions is the most wide ranging and accessible resource on the historically significant and more obscure sinister and bizarre religious groups Including many entries by scholarly specialists this volume explains more than 1 000 diverse groups and movements from such well known sects as the Branch

Davidians Aum Shinrikyo and Heaven s Gate to obscure groups like Ordo Templi Satanas Witches International and the Nudist Christian Church of the Blessed Virgin Jesus In addition to an exhaustive index and handy cross references the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements from snake handling and satanic ritual abuse to brainwashing and exorcism This book a must for all libraries and schools will endure as the first and only point of reference for researchers scholars students and anyone interested in fringe religious groups
