JAMES. ALLEN,2022 The Mastery of Destiny by James Allen James Allen,2016-08-08 There is and always has been a widespread belief in Fate or Destiny that is in an eternal and inscrutable Power which apportions definite ends to both individuals and nations This belief has arisen from long observation of the facts of life Men are conscious that there are certain occurrences which they cannot control and are powerless to avert Birth and death for instance are inevitable and many of the incidents of life appear equally inevitable Men strain every nerve for the attainment of certain ends and gradually they become conscious of a Power which seems to be not of themselves which frustrates their puny efforts and laughs as it were at their fruitless striving and struggle As men advance in life they learn to submit more or less to this overruling Power which they do not understand perceiving only its effects in themselves and the world around them and they call it by various names such as God Providence Fate Destiny etc **Mastery of Destiny (Annotated)** James Allen,2017-12-12 The Mastery of Destiny embodies New Thought writer James Allen s teachings that our thoughts can be used to increase our capabilities and to create our lives as we desire them to be Allen s ideas and ideals and those of others in the New Thought Movement have seen a resurgence with the release of the bestselling book and film The Secret and the
