Masterpiece Jorn Utzon A Secret Life:

The Masterpiece Philip Drew,1999 *Jørn Utzon and Transcultural Essentialism* Adrian Carter,Marja Sarvimäki,2021-11-04 This book introduces and defines the burgeoning concepts of transculturalism and essentialism and how they relate to one another as articulated with reference to the work of Jørn Utzon It introduces critical contemporary perspectives of the design thinking and career of this renowned Danish architect internationally recognised for his competition winning iconic design for the Sydney Opera House an outstanding exemplar of transcultural essentialism in architecture Transcultural essentialism is analysed through the lens of critical regionalism and architectural phenomenology with emphasis on the sense of place and tectonics in Utzon's architectural works It provides a new understanding of the Danish architect as an early proponent of a still emergent and increasingly relevant direction in architecture Going beyond biographical studies it presents a more comprehensive understanding of the broad range of transcultural influences that formed his thinking The volume includes numerous previously unpublished photographs drawings and interviews with Utzon's family members former students and colleagues offering a significant contribution to the existing body of knowledge for any architecture scholar interested in Utzon's work and design principles The book also comprises a Foreword by eminent architecture theorist Juhani Pallasmaa in which he provides insights into the wider architectural and cultural context of Utzon's worldview *Le Corbusier in the Antipodes* Antony Moulis,2020-12-30 This book considers the architect Le Corbusier's encounters with Australia and New Zealand as a two way exchange showing the impact of his ideas and projects on architects of the region whilst also revealing counterinfluences on Le Corbusier in his post war career that were activated by his contacts Compiled from detailed archival research undertaken at the Fondation Le Corbusier Paris and nationally based archives *Le Corbusier in the Antipodes* brings together a set of episodes placing them in context with the history of modern art architecture and urbanism in 20th century Australia and New Zealand Key exchanges between Le Corbusier and others never before described are presented and analyzed including Le Corbusier's contact with Australian architect Harry Seidler at Chandigarh Le Corbusier's drawing of the plan of Adelaide in 1950 and his creative collaboration with Jørn Utzon on art for the Sydney Opera House This book also includes analysis of previously unseen Le Corbusier artworks which formed part of the Utzon family collection In reading these personal and contingent moments of encounter the book puts forward new ways of understanding the dissemination and mediation of Le Corbusier's ideas and their effects in post war Australia and New Zealand These antipodean contacts are set against the broader story of Le Corbusier's career questioning received interpretations of his design methods and current assumptions about the influence of his work in national contexts beyond Europe **Sharper 1980-2013** Lowell Tarling,2018-10-01 Martin Sharp was an integral part of international Pop Art in the 1960s magnified through his covers for OZ magazine in Sydney and London his covers for Cream and posters of Dylan Hendrix and Donovan His efforts at making The Yellow House and Luna Park cultural precincts were aided by his screen

prints and exhibitions to flaunt the work of others especially the singer Tiny Tim In this second of two volumes Lowell Tarling offers us a way into the enigmatic and reclusive artist through his extensive interviews with Sharp and all of his trusted friends touching on the many dramas of life at Sharp's home studio Wirian his productions and search for meaning with regard to the Luna Park Fire his spiritual search and death in 2013 I think what Lowell has done here is admirable removing himself from the narrative This book will be of interest to a wider audience who don't even know who Martin is I predict this book will become a genuine hit Peter Kingston *Australia* Harry Margalit, 2019-11-15 This book tells the story of the architects and buildings that have defined Australia's architectural culture since the founding of the modern nation through Federation in 1901 That year marked the beginning of a search for better city forms and buildings to accommodate the changing realities of Australian life and to express an emerging distinctive and eventually confident Australian identity While Sydney and Melbourne were the settings for many of the major buildings all states and territories developed architectural traditions based on distinctive histories and climates Harry Margalit explores the flowering of these many architectural variants from the bid to create a model city in Canberra through the stylistic battles that opened a space for modernism to the idealism of postwar reconstruction and beyond to the new millennium Australia reveals a vibrant and influential culture of the built environment at its best when it matches civic idealism with the sensuality of a country of stunning light and landscapes *Museum, Gallery and Cultural Architecture in Australia, New Zealand and the Pacific Region* Michael J. Ostwald, Steven Fleming, 2007 This collection of essays examines a number of major pieces of architecture constructed in Australia New Zealand and the South Pacific region considering common traits and attempting to offer a hermeneutical framework for engaging Antipodean cultural architecture This work should appeal to scholars interested in architectural studies urban design museology and cultural theory countries throughout the South Pacific have displayed a particular fascination with the possibility that architecture may be able to embody regional cultural identity centers that have been constructed in Australia New Zealand and the South Pacific regions The majority of these buildings landscapes or structures have been completed in the last few years and all have employed different architectural strategies to shape their designs This collection of nine critical essays by leading scholars of contemporary architecture provides an important survey and assessment of Antipodean cultural architecture Emphasizing common traits the introduction to the text asks how this phenomenon might be understood and why it may be relevant in different regions around the world Acknowledging the pluralistic nature of Antipodean architecture the conclusion offers an alternative hermeneutical framework one that accepts the fragmentary nature of the contemporary cultural landscape **New Directions in Copyright Law** Fiona Macmillan, Kathy Bowrey, 2006-08-29 This book the third in the series follows the themes considered in the first two volumes and brings together perspectives on copyright from law politics economics cultural studies and social theory in an effort to forge a truly coherent and meaningful agenda for the future of copyright It comprises thoughtful critical and often

challenging contributions from an international multidisciplinary network of scholars Architecture Between Spectacle and Use Anthony Vidler, 2008 This volume examines the state of contemporary architecture worldwide and the ways in which it is caught between the art of display and the accommodation of use Transition , 1998 **Sydney** I. Australian Architecture Now Davina Jackson, Chris Johnson, 2000 Having just completed the most significant five year construction phase in the nation s history Australian architecture has moved into the world spotlight During the 1994 99 boom creative vigor was palpable confidence surged and the entire continent became endowed with a new sense of architectural independence Because it scans a diverse and momentary scene instead of recording a longer continuum of major achievements Australian Architecture Now is an unusual history book It presents two essays 21 case studies of outstanding public and domestic projects and in several brief chapters compares selected buildings according to similarities of either genre or style Close examination reveals surprising evidence that Australian architecture more often reflects the

personal styles and attitudes of its creators than the poetic ideal of a unique sense of place Architects featured include Denton Corker Marshall Harry Seidler Gabriel Poole Rex Addison Peter Stutchbury Cox Sanderson Ness Nonda Katsalidis Sean Godsell Alexander Tzannes and more **Architectural Science Review** ,1999 *Historical Dictionary of Sydney* Arthur Emerson,2001-09-10 The Historical Dictionary of Sydney aims to provide both specialists and general interest readers with a scholarly reference to Sydney s rich and diverse history as well as a general introduction to the city It is intended for an international English speaking audience Proceedings of the ACSA Annual Meeting Association of Collegiate Schools of Architecture,2005 **Modern Times** Ann Stephen,Philip Goad,Andrew McNamara,2008 Richly illustrated and beautifully designed Modern Times The Untold Story of Modernism in Australia reveals how modernism transformed all aspects of Australian culture across five tumultuous decades from 1917 to 1967 The influence of modernism was wide reaching Modern Times looks at all things modern and as diverse as art advertising photography film fashion the body architecture interiors recreational sites such as the new swimming pools and fountains milk bars and auto culture Modernism embodied the utopian possibilities of the 20th century It transformed Australian cities into complex metropolises and offered access to new cosmopolitan cultures This is the first time that such diverse material has been brought together in one volume With stories from more than 20 authors and more than 300 images many of them never before published Modern Times will be a revelation *Landmarks* National Museum of Australia,2013 Through objects and stories from the National Museum of Australia s collections Landmarks A History of Australia in 33 Places traces how people have lived across the Australian continent since 1788 It explores how generations have made their homes here nurtured families established enterprises and shaped the places that define our lives today
