**Electronic lexicography in the 21st century (eLex 2025)** Iztok Kosem, Miloš Jakubiček, Marek Medved', Karolina Zgaga, Špela Arhar Holdt, Tina Munda, Ana Salgado, Proceedings of the ninth eLex 2025 conference on Electronic Lexicography in the 21st Century held in Bled Slovenia from 18 to 20 November 2025

*Sustaining Language Use* M. Paul Lewis, Gary F. Simons, 2017-05-26 How does a language community sustain their language in the face of ever increasing forces of language shift This volume both a textbook and a handbook is the result of ten years of reflection by the authors in light of SIL International's 80 years of fieldwork in local language communities Using the Sustainable Use Model detailed here readers learn how to advise maintaining use of their language at a sustainable level This could include not only the level of active literacy but also levels of orality and identity The book is aimed at on the ground workers involved with a

community to address issues arising from language and culture contact M Paul Lewis Ph D sociolinguistics Georgetown University did fieldwork in Guatemala was general editor of the *Ethnologue* and is a Sociolinguistics Consultant with SIL His research interests are language endangerment language policy and planning and language documentation He has consulted and trained on six continents Gary F Simons Ph D linguistics Cornell University is Chief Research Officer for SIL and Executive Editor of the *Ethnologue* He was involved in language development in Papua New Guinea and the Solomon Islands co founder of the Open Language Archives Community OLAC and co developer of the ISO 639 3 identifiers for the world s languages In this clearly written monograph Lewis and Simons lay the groundwork for those who work with members of local language communities to help them implement diverse activities that most effectively lead to a sustainable level of language use They build appropriately upon the groundbreaking work that was carried out several decades ago by sociolinguists such as Charles Ferguson Robert Cooper and Joshua Fishman Adapted from the Foreword by G Richard Tucker

**Data Science in Social Research** Uwe Engel, Lena Dahlhaus, 2026-02-02 Society is changing it is becoming more diverse and digital Social media today plays a central role in human communication With a changing society the way social scientists analyze it is also evolving In recent years it has become significantly more difficult to encourage people to participate in surveys Furthermore digitization opens up data options that go beyond the survey method Information published online represents valuable digital behavioral traces and provides social researchers with another important source of data alongside their scientific surveys which in recent years have increasingly been conducted online Computational methods have played a central role in social research from the very beginning This applies today more than ever to data analysis but now also to data collection The increasing attention paid to machine learning methods in the statistical analysis of social science data represents a further remarkable development in the analysis of social science data This textbook addresses these developments and familiarizes readers with both elementary and more advanced methods of data analysis Fundamentals and techniques of data management programming with R statistical data analysis descriptive and causal inference as well as predictive modeling are covered in depth All methods are exemplified using real data either from survey research the social media platform Bluesky or a large digital newspaper archive Thematically these data are focused on current sociological topics particularly those related to human happiness energy transition and climate policy AI political attitudes and the rise in right wing voting Data science encompasses more than the algorithms required for data analysis and statistical learning No less relevant are the rules by which social research and data analysis are conducted data quality is ensured and the results are validated This textbook aims to provide this overview
