Health, Healing, and Shalom Bryant L. Myers, Erin Dufault-Hunter, Isaac B. Voss, 2015-11-17 Frontiers and Challenges for Christian Healthcare Missions Ever since Jesus's proclamation in word and deed as the Great Physician his followers in mission have assumed that salvation and health are intertwined Yet for every age Christians need to examine how they can best announce the gospel message of God's healing in word and deed in their own context In our era we are often simultaneously grateful for modern medicine and frustrated by its inability to care for the whole person in effective affordable ways In this edited volume authors with an interest in health missions from a wide variety of experiences and disciplines examine health and healing through the theological lens of shalom This word often translated peace names a much more complex understanding of human well being as right relationships with one another with God and with creation Reading various aspects of healthcare missions through these glasses not only yields much needed correctives to current practice but also exposes the Spirit's invitation to participate in God's ongoing work of tending caring and healing our broken world
