Legacies of Anti-semitism in France Jeffrey Mehlman, 1983 Legacies of Anti Semitism in France was first published in 1983 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions These four essays on Blanchot Lacan Giraudoux and Gide have as their focus the barely imaginable coherence which the writings of four major contemporaries take on when read in the light of France s pre World War II heritage of anti Jewish thought As the essays delve into such crucial topics as the inaugural silence in Blanchot s sense of literature the style of Lacan Giraudoux s relation to Racine and the sexual politics of Gide they engage a realm that at times seems or seemed anti Semitic in its essence Negotiating the complex ramifications of a lost tradition and the structure of its obliteration Jeffrey Mehlman in his conclusion speculates on the emblematic value of Walter Benjamin s perpetually deferred journey to Palestine via France and its import for textual interpretation A French version of Mehlman s essay on Blanchot published in *Tel quel* spurred an impassioned journalistic debate in Paris and London Broadening still further the context of that inquiry Legacies will prove a source of provocation and insight to all who are interested in the intellectual history of contemporary France *Romain Gary* Ralph W. Schoolcraft, 2002-04 Singer songwriter Brett Dennen explores his early musical influences as well as the landscapes of Sierra Nevada mountain rage on his fifth album Includes the single Wild Child

The Rhetoric of Hiddenness in Traditional Chinese Culture Paula M. Varsano, 2016-12-20 This volume brings together fourteen essays that explore the role of hiddenness as both an object and a mode of representation in the history of cultural production in China from the Warring States Period 403 221 BCE to the end of the Qing Dynasty 1911 and beyond The rhetorical use of various forms of hiddenness makes its appearance in literary political philosophical and religious writings as well as in the visual arts Working in fields as disparate as traditional Chinese literature religion philosophy history medicine and art the contributors attempt to characterize one of the fundamental

signifying practices in traditional Chinese cultural production In the process they not only reveal otherwise obscure patterns connecting longstanding social political aesthetic and epistemological practices but also contribute to ongoing discussions well beyond the field of China studies regarding the representation and communicability of knowledge as well as the practices controlling its dissemination

Scandal and Aftereffect Steven Ungar, 1995 Scandal and Aftereffect will make a crucial contribution to discussions about the function of memory in the relationship of history to cultural production and about the history of history itself

The French Connections of Jacques Derrida Julian Wolfreys, John Brannigan, Ruth Robbins, 1999-04-01 Addresses for the first time the issue of Derrida s relation to French poetics writing thought and culture

Philippe Lacoue-Labarthe's Phrase Christopher Fynsk, 2016-12-20 This book presents an interpretation of a volume of poetry and theoretical reflections Phrase by the late Philippe Lacoue Labarthe who is widely known as one of the major contributors to thinking about the relation between philosophy and literature in the continental tradition His work has

shaped the deconstructive approach to the question of the subject and has opened important paths of research relating to the topic of literary mimesis Along with Jean Luc Nancy he made very important contributions in the areas of romantic literary theory and psychoanalytic theory Christopher Fynsk's analysis of *Phrase* focuses principally on two of its key motifs Fynsk first deals with the theme of infancy and draws forth the deep relation to Blanchot that is revealed in this text The second motif which organizes the narrative of the autobiographical component of *Phrase* which Lacoue Labarthe entitles a history of renunciation names the condition of modern poetic speech Thus Fynsk interprets the history of renunciation and elucidates the meaning of what Lacoue Labarthe terms literature
