*The Appropriation of Cultural Capital* Milena Doležalová-Velingerová, Oldřich Král, Graham Sanders, 2020-03-23 For much of the twentieth century the May Fourth movement of 1919 was seen as the foundational moment of modernity in China Recent examinations of literary and cultural modernity in China have however led to a questioning of this view By approaching May Fourth from novel perspectives the authors of the eight studies in this volume seek to contribute to the ongoing critique of the movement The essays are centered on the intellectual and cultural historical motivations and practices behind May Fourth discourse and highlight issues such as strategies of discourse formation scholarly methodologies rhetorical dispositions the manipulation of historical sources and the construction of modernity by means of the reification of China's literary past

*Reflections on the May Fourth Movement* Benjamin I. Schwartz, 2020-08-25 This symposium commemorates the fiftieth anniversary of the May Fourth Movement of 1919 in China This volume contains six essays on various aspects of the movement

**The Chinese Enlightenment** Vera Schwarcz, 1986 It is widely accepted both inside China and in the West that contemporary Chinese history begins with the May Fourth Movement Vera Schwarcz's imaginative new study provides China scholars and historians with an analysis of what makes that event a turning point in the intellectual spiritual cultural and political life of twentieth century China

*The May Fourth Movement* Cezong Zhou, 1964 There are few major events in modern Chinese history so controversial so much discussed yet so inadequately treated as the May Fourth Movement For some Chinese it marks a national renaissance or liberation for others a national catastrophe Among those who discuss or celebrate it most views vary greatly Every May for the last forty years numerous articles have analyzed and commented on the movement Several books devoted entirely to the subject and hundreds touching on it have been published in Chinese The literature on the subject is massive yet most of it offers more polemic than factual accounts Most Westerners possess but fragmentary and inaccurate information on the subject For these reasons

preparation of this volume recounting the events of the movement and examining in detail its currents and effects has seemed to me worthwhile      *The May Fourth Movement in Shanghai* Joseph Tao Chen,1964      **THE MAY FOURTH MOVEMENT AND ITS INFLUENCE UPON CHINA'S SOCIO-POLITICAL DEVELOPMENT.** Tse-Tsung Chow,1955

**The Rise of Political Intellectuals in Modern China** Shakhar Rahav,2015-02-17 The May Fourth movement 1915 1923 is widely considered a watershed in the history of modern China This book is a social history of cultural and political radicals based in China s most important hinterland city at this pivotal time Wuhan Current narratives of May Fourth focus on the ideological development of intellectuals in the seaboard metropolises of Beijing and Shanghai And although scholars have pointed to the importance of the many cultural political societies of the period they have largely neglected to examine these associations seeing them only as seedbeds of Chinese communism and its leaders like Mao Zedong This book by contrast portrays the everyday life of May Fourth activists in Wuhan in cultural political societies founded by local teacher and journalist Yun Daiying 1895 1931 The book examines the ways by which radical politics developed in hinterland urban centers from there into a nation wide movement which ultimately provided the basis for the emergence of mass political parties namely the Nationalist Party Guomindang and the Chinese Communist Party CCP The book s focus on organizations everyday life and social networks provides a novel interpretation of where mechanisms of historical change are located The book also highlights the importance of print culture in the provinces It demonstrates how provincial print culture combined with small local organizations to create a political movement The vantage point of Wuhan demonstrates that May Fourth radicalism developed in a dialogue between the coastal metropolises of Beijing and Shanghai and hinterland urban centers The book therefore charts the way in which seeds of political change grew from individuals through local organizations into a nation wide movement and finally into mass party politics and subsequently revolution The book thus connects everyday experiences of activists with the cultural political ferment which gave rise to both the Chinese Communist party and the Nationalist Party      **Remembering May Fourth** Carlos Yu-Kai Lin,Victor H. Mair,2020-03-02 Read an interview with Carlos Yu Kai Lin Remembering May Fourth The Movement and its Centennial Legacy is a collective work of thirteen scholars who reflect on the question of how to remember the May Fourth Movement one of the most iconic socio political events in the history of modern China The book discusses a wide range of issues concerning the relations between politics and memory between writing and ritualizing between fiction and reality and between theory and practice Remembering May Fourth thus calls into question the ways in which the movement is remembered while at the same time calling for the need to create new memories of the movement      **The May Fourth Movement in Shanghai** Joseph T. Chen,1971      *Reflections on the May Fourth Movement* Benjamin Isadore Schwartz,1972      **A Century of Student Movements in China** Xiaobing Li,Qiang Fang,2019-12-02 In this book the authors offer their unique perspectives on the important roles Chinese students and intellectuals played in the shaping of the twentieth century China Their answers to these pivotal questions explore new

nationalistic spirit modern world views and willingness of self sacrifice which had attributed to the spontaneous actions of the students as a New Culture emerged during the May Fourth Movement These articles show how China nurtured these spontaneous student movements even though the Nationalist Party in the Republic of China and the Communist Party in the People s Republic had exerted tight control over schools Both governments established organizations as well as operations among students that effectively turned some of the student movements into a political instrument by the parties for their own agenda The May Fourth Movement Tse-tung Chow,1960-02-05
