**Tropentag 2021 - International Research on Food Security, Natural Resource Management and Rural Development** Eric Tielkes,2022-02-01 Tropentag is the largest interdisciplinary conference in Europe on developmentoriented research in the fields of tropical and subtropical agriculture food security natural resource management and rural development Normally the Tropentag takes place annually However for reasons that by now have become obvious the past two years have been particularly challenging We are therefore delighted that the University of Hohenheim managed to host a hybrid version of the conference from 15 to 17 September 2021 Being a hybrid conference it was pleasing to note that people did not only gather in one of the lecture theatres at the University of Hohenheim but also in one of the state of the art seminar rooms at the Czech University of Life Sciences in Prague The rest of course attended via Zoom meetings being streamed on YouTube channels using the Whova online platform *The Right Hand to Eat* Safiya Mustafa Jariwala,2020-05-19 A career can be like a snake and ladder journey full of ups and downs but remember your career is a journey not a destination Your career does not start and end when you get a job You start your career when you begin doing activities at school playing sports on weekends or working at your part time or volunteer job There are skills that you can develop and steps you can take each time you are faced with your next career transition Your career will be a rich and rewarding experience that will require you to make many critical decisions throughout your life So why won t you just leave school and go straight into a job that you ll have for life Lots of reasons You might find out you don t suit a job you might want to earn more money you may be offered the chance to do something more challenging or your passion is something else That s when you need to work through your career decision making process and review the career you think is the best for you The Right Hand to Eat helps you choose your career it doesn t choose you
