

A hand is holding a bright yellow rectangular sign in the center of the frame. The sign has the words "SELF" and "HELP" written in large, bold, black capital letters, one above the other. The background is a blurred image of a library with rows of bookshelves filled with books of various colors. The perspective is looking down the aisles of the library, with a blue skylight visible at the top.

Peak Vitality Jeanne House,2008-03-31 We often strive for our peak of accomplishment peak health peak wealth peak performance The idea for this anthology came from a further question that is both simple but provocative What if we could exceed the upper limits of our performance What would happen if rather than focusing on being physically well we imagined ourselves physically vibrant What would happen if rather than seeking 100% of the good that might come to us we pushed past our boundaries and pictured what 112% might look like What would happen if we took our upper limits of vision as a baseline rather than a ceiling Could we be happier more abundant and healthier than our wildest dreams That s what Peak Vitality is all about It calls us to examine the thresholds of our thinking feeling and experiencing then go beyond what we believe we re capable of Includes chapters from bestselling authors such as Wayne Dyer Christiane Northrup Candace Pert Deepak Chopra Julia Cameron Riane Eisler Dean Ornish and many more

The Journal of the Assembly During the ... Session of the Legislature of the State of California California. Legislature. Assembly, *Books and Beyond* Kenneth Womack,2008-10-30 There s a strong interest in reading for pleasure or self improvement in America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey s Although recent government reports show a decline in recreational reading the same reports show a strong correlation between interest in reading and academic achievement This set provides a snapshot of the current state of popular American literature including various types and genres The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk fantasy literature flash fiction GLBTQ literature graphic novels manga and anime and zines Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at

trends and themes a discussion of how the literary form engages contemporary issues a review of the genre's reception a discussion of authors and works and suggestions for further reading Sidebars provide fascinating details and the set closes with a selected general bibliography Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention While students continue to read many of the standard classics new genres have emerged These have captured the attention of general readers and are also playing a critical role in the language arts classroom This book maps the state of popular literature and reading in America today including the growth of new genres such as cyberpunk zines flash fiction GLBTQ literature and other topics Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre's critical reception a discussion of authors and works and suggestions for further reading Sidebars provide fascinating details and the set closes with a selected general bibliography Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues

Confidence Culture Shani Orgad, Rosalind Gill, 2021-12-06 In Confidence Culture Shani Orgad and Rosalind Gill argue that imperatives directed at women to love your body and believe in yourself imply that psychological blocks rather than entrenched social injustices hold women back Interrogating the prominence of confidence in contemporary discourse about body image workplace relationships motherhood and international development Orgad and Gill draw on Foucault's notion of technologies of self to demonstrate how confidence culture demands of women near constant introspection and vigilance in the service of self-improvement They argue that while confidence messaging may feel good it does not address structural and systemic oppression Rather confidence culture suggests that women along with people of color the disabled and other marginalized groups are responsible for their own conditions Rejecting confidence culture's remaking of feminism along individualistic and neoliberal lines Orgad and Gill explore alternative articulations of feminism that go beyond the confidence imperative
