The image displays three separate digital literacy worksheets, each with a yellow border and a yellow title bar. The first worksheet, 'Computers Around Us', features a question mark icon and text about how computers are used in various places. The second worksheet, 'Understanding Data', includes a yellow icon with data symbols and a diagram of various devices (headphones, laptop, smartphone, etc.). The third worksheet, 'Working Networks', shows a network diagram with buildings and text about how computers connect to form networks.

**Computers Around Us**

In this digital literacy worksheet, students learn about the various ways computers are used in our everyday lives. These essential tools are used in classrooms and homes, offices, and more. Use the provided resources to learn more about how computers are used in different environments.

**Understanding Data**

Computers are used to store, process, and analyze data. Many of the things we do on computers involve data, such as playing games, watching videos, and using social media. Data is also used in many other ways, such as in science experiments and business operations. This worksheet will help you understand what data is and how it is used.

**Working Networks**

Computers can work together to form a network. This network allows them to share information and resources. Networks are used in many different ways, such as in homes, schools, and businesses. This worksheet will help you understand how networks work and how they are used.
