Make It Balance

Joseph Henry Goodwin

Make It Balance:

A Text-book of physics William Watson, 1911 Live More, Work Better Gayle Hilgendorff, 2015-07-21 Gayle Hilgendorff had it all and the workaholic stress and anxiety to prove it After twenty one years in Human Resources for a Fortune 500 company she realized that her work life balance leaned more toward work than life So she did something about it not by giving it all up but by finding a way to have more Do you worry constantly about how others perceive your performance Does the idea of taking time off stress you out more than relax you Have you lost yourself in your work family obligations and forgotten YOU If any of those sound familiar Gayle is here to help you start on your work life detox This is not the story of someone who woke up one morning and turned her back on all she had earned Gayle simply made small changes on a daily basis to create a true balance while still keeping the power and prestige she had worked so hard to gain And now she wants to help you do the same The pragmatic tips and suggestions combined with the wit of someone who has gone through exactly what you re going through right now make this an unexpectedly enjoyable read Better yet It s short and to the point This is not a nine week series a trip to a meditation retreat or a simple feel good moment This is a book you can read in a few hours act on tomorrow and enjoy immediate results If you re ready to see what your life could be like living in balance what are you waiting for Get out your pen and some Post it notes and get to work Book jacket
