The design process is clearly explained, the raw materials required are described, and the construction process is presented in an easy-to-follow step-by-step procedure. This edition also includes a 38-page bonus section featuring a reproduction of an appropriate Offenhauser Speed Equipment catalog. Out of print and unavailable for many years, this book is becoming increasingly more difficult to find on the secondary market, and we are pleased to be able to offer this reproduction as a service to all those vintage automotive race car builders and enthusiasts worldwide. *Make a Race Car Your Way!* Elsie Olson, 2019-01-01 Young makers will discover their limitless potential with this Super Simple DIY title.
