Making Bigs With Children:

Birth to Big School Karen Kearns, 2016-09-12 Birth to Big School is designed to support the Certificate III in Early Childhood Education and Care in a holistic and integrated way while addressing the relevant units of the Training Package. The text emphasises the importance of knowing the traditional domains of development and links them to the Early Years Learning Framework EYLF and the National Quality Standards NQS by using down to earth practical examples. Questions enable students to check their understanding of the content and provide a reference point to the NQS. *An Integrated Play-based Curriculum for Young Children* Olivia N. Saracho, 2013-03-01 Play provides young children with the opportunity to express their ideas, symbolize and test their knowledge of the world. It provides the basis for inquiry in literacy, science, social studies, mathematics, art, music, and movement. Through play, young children become active learners engaged in explorations about themselves, their community, and their personal social world. *An Integrated Play Based Curriculum for Young Children* offers the theoretical framework for understanding the origins of an early childhood play-based curriculum and how young children learn and understand concepts in a social and physical environment. Distinguished author Olivia N. Saracho then explores how play fits into various curriculum areas in order to help teachers develop their early childhood curriculum using developmentally and culturally appropriate practice. Through this integrated approach, young children are able to actively engage in meaningful and functional experiences in their natural context. Special Features Include Vignettes of children's conversations and actions in the classroom, Suggestions for activities and classroom materials, Practical examples and guidelines, End of chapter summaries to enhance and extend the reader's understanding of young children. By presenting appropriate theoretical practices for designing and implementing a play-based curriculum, *An Integrated Play Based Curriculum for Young Children* offers pre-service teachers the foundational knowledge about the field, about the work that practitioners do with young children, and how to best assume a teacher's role effectively. **Extension Publications, Boys' and Girls' Club Work**, 1917 *A Garland for Girls (Children's Classics Series)* Louisa May Alcott, 2015-12-21 This carefully crafted ebook *A Garland for Girls* (Children's Classics Series) is formatted for your eReader with a functional and detailed table of contents. Extract: The three girls were the guests of a delightful old lady who had known their mothers and was fond of renewing her acquaintance with them through their daughters. She loved young people and each summer invited parties of them to enjoy the delights of her beautiful country house where she lived alone, now being the childless widow of a somewhat celebrated man. Louisa May Alcott 1832-1888 was an American novelist and poet, best known as the author of the novel *Little Women* 1868 and its sequels *Little Men* 1871 and *Jo's Boys* 1886. Alcott was an abolitionist and a feminist. Table of Contents: May Flowers, An Ivy Spray, and Ladies Slippers, Pansies, Water Lilies, Poppies, and Wheat, Little Button, Rose Mountain, Laurel and Maiden Hair, Mountain Laurel. These stories were written for my own amusement during a period of enforced seclusion. The flowers which were my solace and pleasure suggested titles for the tales and gave an interest to the work. If my girls find

a little beauty or sunshine in these common blossoms their old friend will not have made her Garland in vain L M Alcott
