**The Art of Making Do in Naples** Jason Pine, 2012-12-18 In Naples there are more singers than there are unemployed people These words echo through the neomelodica music scene a vast undocumented economy animated by wedding singers pirate TV and tens of thousands of fans throughout southern Italy and beyond In a city with chronic unemployment this setting has attracted hundreds of aspiring singers trying to make a living or even a fortune In the process they brush up against affiliates of the region s violent organized crime networks the camorra In The Art of Making Do in Naples Jason Pine explores the murky neomelodica music scene and finds himself on uncertain ground The art of making do refers to the informal and sometimes illicit entrepreneurial tactics of some Neapolitans who are pursuing a better life for themselves and their families In the neomelodica music scene the art of making do involves operating do it yourself recording studios and performing at the private parties of crime bosses It can also require associating with crime boss impresarios who guarantee their success by underwriting it with extortion drug trafficking and territorial influence Pine likewise making do gradually realized that the completion of his ethnographic work also depended on the aid of forbidding figures The Art of Making Do in Naples offers a riveting ethnography of the lives of men who seek personal sovereignty in a shadow economy dominated in incalculable ways by the camorra Pine navigates situations suffused with secrecy moral ambiguity and fears of ruin that undermine the anthropologist s sense of autonomy Making his way through Naples s spectacular historic center and outer slums on the trail of charmingly evasive neomelodici singers and unsettlingly elusive camorristi Pine himself becomes a music video director and falls into the orbit of a shadowy music promoter who may or may not be a camorra affiliate Pine s trenchant observations and his own improvised attempts at making do provide a fascinating look into the lives of people in the gray zones where organized crime blends into ordinary life
