### **Making Arms in the Machine Age: Philadelphia's Frankford Arsenal, 1816–1870 , Machine-age Comedy**

Michael North,2009 In this latest addition to Oxford's Modernist Literature Culture series renowned modernist scholar Michael North poses fundamental questions about the relationship between modernity and comic form in film animation the visual arts and literature Machine Age Comedy vividly constructs a cultural history that spans the entire twentieth century showing how changes wrought by industrialization have forever altered the comic mode With keen analyses North examines the work of a wide range of artists including Charlie Chaplin Walt Disney Marcel Duchamp Samuel Beckett and David Foster Wallace to show the creative and unconventional ways the routinization of industrial society has been explored in a broad array of cultural forms Throughout North argues that modern writers and artists found something inherently comic in new experiences of repetition associated with enforced by and made inevitable by the machine age Ultimately this rich tightly focused study offers a new lens for understanding the development of comedic structures during periods of massive social political and cultural change to reveal how the original promise of modern life can be extracted from its practical disappointment

**Machine-Age Ideology** John M. Jordan,2005-10-12 In this interdisciplinary work John Jordan traces the significant influence on American politics of a most unlikely hero the professional engineer Jordan shows how technical triumphs bridges radio broadcasting airplanes automobiles skyscrapers and electrical power inspired social and political reformers to borrow the language and logic of engineering in the early twentieth century bringing terms like efficiency technocracy and social engineering into the political lexicon Demonstrating that the cultural impact of technology spread far beyond the factory and laboratory Jordan shows how a panoply of reformers embraced the language of machinery and engineering as metaphors for modern statecraft and social progress President Herbert Hoover himself an engineer became the most powerful of the technocratic progressives Elsewhere this vision of social engineering was debated by academics philanthropists and commentators of the day including John Dewey Thorstein Veblen Lewis Mumford Walter Lippmann and Charles Beard The result Jordan argues was a new way of talking about the state Originally published in 1994 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
