Preaching to a Divided Nation Matthew D. Kim, Paul A. Hoffman, 2022-08-09 We live in angry times No matter where we go what we watch or how we communicate our culture is rife with division and polarization Unfortunately Christians appear to be caught up in the same animosity as the culture at large While our faith calls us to Christian unity the hard fact remains our churches are tragically divided across class ethnic gender and political lines As these social chasms grow both inside and outside the church the role of the preacher becomes paramount This book issues a prophetic call to pastors to use the influence of their pulpits to promote reconciliation and unity in their churches and communities Two scholar practitioners who are experts in homiletics and reconciliation present a practical 7 step model that empowers faithful leaders to bring healing and peace to their fractured churches and world The book includes questions for reflection salient illustrations and an accountability covenant It also includes useful appendixes on preaching themes preaching texts and sample sermons from three leading preachers Ralph Douglas West Rich Villodas and Sandra Maria Van Opstal

Divided Politics, Divided Nation Darrell M. West, 2020-02-25 Why are Americans so angry with each other The United States is caught in a partisan hyperconflict that divides politicians communities and even families Politicians from the president to state and local office holders play to strongly held beliefs and sometimes even pour fuel on the resulting inferno This polarization has become so intense that many people no longer trust anyone from a differing perspective Drawing on his personal story of growing up as a fundamentalist Christian on a dairy farm in rural Ohio then as an academic in the heart of the liberal East Coast establishment Darrell West analyzes the economic cultural and political aspects of polarization He takes advantage of his experiences inside both conservative and liberal camps to explain the views of each side and offer insights into why each is angry with the other West argues that societal tensions have metastasized into a dangerous tribalism that seriously threatens U S democracy Unless people can bridge these divisions and forge a new path forward it will be impossible to work together maintain a functioning democracy and solve the country's pressing policy problems

Divided We Fall David French, 2020-09-22 David French warns of the potential dangers to the country and the world if we don't summon the courage to reconcile our political differences Two decades into the 21st Century the U S is less united than at any time in our

history since the Civil War We are more diverse in our beliefs and culture than ever before But red and blue states secular and religious groups liberal and conservative idealists and Republican and Democratic representatives all have one thing in common each believes their distinct cultures and liberties are being threatened by an escalating violent opposition This polarized tribalism espoused by the loudest angriest fringe extremists on both the left and the right dismisses dialogue as appeasement if left unchecked it could very well lead to secession An engaging mix of cutting edge research and fair minded analysis *Divided We Fall* is an unblinking look at the true dimensions and dangers of this widening ideological gap and what could happen if we don't take steps toward bridging it French reveals chilling plausible scenarios of how the United States could fracture into regions that will not only weaken the country but destabilize the world But our future is not written in stone By implementing James Madison's vision of pluralism that all people have the right to form communities representing their personal values we can prevent oppressive factions from seizing absolute power and instead maintain everyone's beliefs and identities across all fifty states Reestablishing national unity will require the bravery to commit ourselves to embracing qualities of kindness decency and grace towards those we disagree with ideologically French calls on all of us to demonstrate true tolerance so we can heal the American divide If we want to remain united we must learn to stand together again
