National Minorities And The European Nation States System:

National Minorities and the European Nation-states System Jennifer Jackson Preece, 1998 The collapse of Yugoslavia Czechoslovakia and the Soviet Union has resulted in a proliferation of discontented national minorities Thus the possibility for destabilizing ethnic conflict has become acute National minorities have accordingly emerged as a major focus of international relations in post Cold War Europe Jennifer Jackson Preece s powerful new study offers an innovative analysis of these developments Scrutinizing them within the historical context of changing practices and evolving norms she reveals that the European national minority question is nothing new rather its foundations extend deep into contemporary history Moreover the problem is intrinsically derivative of the nation states system itself a system which potentially intensifies minority disaffection Examining these issues against the backdrop of relevant treaties diplomatic negotiations and international practices Jackson Preece presents the definitive assessment of the fate of national minorities in the European states system *National Minorities and the European Nation-states System*, 1998

Singh, 2001-06-30 Inder Singh examines why international organizations including the UN OSCE and Council of Europe advocated democratic governance based on the rule of law and respect for human and minority rights as the method by which states should try to accommodate their ethnically mixed populations She

discusses how realistic this advice has been given the tension between the principle of the sovereignty of states and their international obligations and the extent to which democratization had made for ethnic and political stability in post communist Europe Inder Singh demonstrates that this advocacy of democracy to handle ethnic diversity questions the perception of nationalism as a cause of war and disorder This pathbreaking study will be of appeal to academics and policy makers interested in how the management of ethnic diversity through democracy can enhance domestic and international security
