*The National Trust Book of the English House Interior* Geoffrey W. Beard, 1990 DO IT YOURSELF HOME IMPROVEMENT

*The National Trust Book of the English House Interior* Geoffrey Beard, 1991 *Surveying Historic Buildings* David

Watt, 2015-07-17 This bestselling book has been fully revised and updated to include valuable new case studies and examples which help to demonstrate the common problems found in older buildings. It features many additional photographs illustrating the decay mechanisms and individual issues associated with damp, timber decay, masonry defects, roofing problems and many other aspects. The book begins by summarizing the basics of surveying practice including the inspection, assessment, defect diagnosis and monitoring of defects. It then examines the building elements discussing their construction, typical faults and their diagnoses. This section provides specific advice on assessing industrial monuments and features, concise inspection checklists for ease of reference. In the final section, the author looks to the future considering the specific challenges faced by property professionals when employed to survey historic buildings. The book is accompanied by comprehensive appendices including sample survey forms and a list of useful contacts, followed by an extensive bibliography. This book will be of particular interest to conservation officers, surveyors, architects, archaeologists and planners.

**Encyclopedia of Interior Design** Joanna Banham, 1997-05-01 From ancient Greece to Frank Lloyd Wright, studio to smoking rooms, chimney boards to cocktail cabinets and papier m ch to tubular steel, the Encyclopedia of Interior Design provides a history of interior decoration and design from ancient times to the present day. It includes more than 500 illustrated entries covering a variety of subjects ranging from the work of the foremost designers to the origins and function of principal rooms and furnishing types, as well as surveys of interior design by period and nationality, all prepared by an international team of experts in the field. Entries on individuals include a biography, a chronological list of principal works or career summary, a primary and secondary bibliography, and a signed critical essay of 800 to 1500 words on the individual's work in interior design. The style and topic entries contain an identifying headnote, a guide to main collections, a list of secondary sources and a signed critical essay.

**How to Read a Country House** Jeremy Musson, 2005 Why was heraldry so important to the families for whom houses were built? How does the layout of a house reveal the values of the people who lived in it? By reading the architectural features of a house, even simple items such as windows, doors, chimneys and staircases, we can learn so much about the past. Interiors as well as exteriors have a story to tell with floor layouts and contents of rooms revealing much about the people who built and lived in them. We can also read the iconography of a house, its symbols and images, spanning subjects such as classical mythology, religion and British history. Heraldry too is an essential tool for understanding much of the details found in country houses, from coats of arms to crests or fireplace decorations and ceiling bosses. Through all this we gain a glimpse into the social world of the families who lived there and discover that the stories of many country houses are inextricably linked by marriage, royalty or political or military service. Richly illustrated with

stunning photographs from the unique archive of Country Life magazine this book is a joy for all those who want to learn more about our heritage art and architecture and the essential characteristics of a classic country house

**The Grove Encyclopedia of Medieval Art and Architecture** Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture
