Nationalism Vsi Steven Grosby, 2006-11-24 *Queer Democracy* Daniel D. Miller, 2021-08-25 *Queer Democracy* undertakes an interdisciplinary critical investigation of the centuries old metaphor of society as a body drawing on queer and transgender accounts of embodiment as a constructive resource for reimagining politics and society Daniel Miller argues that this metaphor has consistently expressed a desire for social and political order grounded in the social body's imagined normative shape or morphology The consistent result from the concord discourses of

the pre Christian Stoics all the way through to contemporary nationalism and populism has been the suppression of any dissent that would unmake the social body s presumed normativity Miller argues that the conception of embodiment at the heart of the metaphor is a fantasy and that negative social and political reactions to dissent represent visceral dysphoric responses to its reshaping of the social body He argues that social body s essential queerness defined by fluidity and lack of a fixed morphology spawns queer democracy expressed through ongoing social and political practices that aim to extend liberty and equality to new social domains Queer Democracy articulates a new departure for the ongoing development of theoretical articulations linking queer and trans theory with political theory It will appeal to both academic and non academic readers engaged in research on political theory populism US religion gender studies and queer studies **Multicultural Citizenship** Jean-François Caron, François Boucher, 2024-11-29 Multicultural Citizenship Legacy and Critique allows the philosopher an opportunity to consider the evolution and transformation of Will Kymlicka s theories from Multicultural Citizenship A Liberal Theory of Minority Rights Canonical in the field of multiculturalism Will Kymlicka s work developed an original way of recognizing and accommodating ethnic groups and national minorities through liberal democratic principles This new volume brings together expert scholars to evaluate the impact of Kymlicka s book on their own views and the field s general progression over the past three decades and brings Kymlicka to face new questions challenging multiculturalism and re evaluate the main ideas of his original theory by reflecting on its development Through engagement with the contributors chapters Kymlicka ends this edited collection with proposals for new ways of understanding multiculturalism at a time of rising anti immigration populism and nativist movements This book offers a modern outlook on multiculturalism with contributions from a diverse group of authors as well as Will Kymlicka himself and will be of great interest to scholars and students of migration nationalism minority rights sociology law and politics *Zionism* Michael Stanislawski, 2016-11-04 This Very Short Introduction discloses a history of Zionism from the origins of modern Jewish nationalism in the 1870 s to the present *Talking Book Topics* , 2017-11 *Modern Japan: A Very Short Introduction* Christopher Goto-Jones, 2009-04-23 Japan remains something of an enigma to many a confusing montage of the alien and the familiar This Very Short Introduction explodes the myths and explores the reality of modern Japan offering a concise engaging and accessible look at the history economy politics and culture of this fascinating nation It examines what the term modern means to the Japanese debunks the notion that Japan went through a period of total isolation from the world and explores the continuity between pre and post war Japan **Joyce in the Belly of the Big Truck; Workbook** Joyce A.
