Native Intelligence:

   Native Intelligence Deepika Bahri,2003 A compelling reclamation of the place of aesthetics in postcolonial literature Literature though it may be postcolonial literature is studied and understood largely and often solely in social and political terms In neglecting its aesthetic dimension as this book forcefully demonstrates we are overlooking not only an essential aspect of this literature but even a critical perspective on its sociopolitical function and value In Native Intelligence Deepika Bahri focuses on postcolonial literature s formal and aesthetic negotiations with sociopolitical concerns How Bahri asks do aesthetic considerations contest the social function of postcolonial literature In answering her book takes on two tasks First it identifies the burden of representation borne by post colonial literature through its progressive politicization Second it draws on Frankfurt School critical theory to reclaim a place for aesthetics in literary representation by closely engaging works of Rohinton Mistry Salman Rushdie and Arundhati Roy Throughout Bahri shows how attention to the aesthetic innovations and utopian impulses of postcolonial works uncovers their complex and uneven relationship to ideology reanimating their potential to make novel contributions to the larger project of social liberation   **Cloud-Native Intelligence and Scalable AI for Supply Chain, Food Services, and Financial Infrastructure** Avinash Pamisetty,
