**Native Wisdom for White Minds** Anne Wilson Schaef,1995-09-05

You don t have to be white to have a white mind What is a white mind As Anne Wilson Schaef learned during her travels throughout the world among Native Peoples anyone raised in modern Western society or by Western culture can have a white mind White minds are trapped in a closed system of thinking that sees life in black and white either or terms they are hierarchical and mechanistic they see nature as a force to be tamed and people as objects to be controlled with no regard for the future This worldview is not shared by most Native Peoples and in this provocative book Anne Wilson Schaef shares the richness poured out to her by Native Americans Aborigines Africans Maoris and others In the words of Native Peoples themselves we come to understand Native ideas about our earth spirituality family work loneliness and change For in every area of our lives we have the capacity to transcend our white minds we simply need to listen with open hearts and open minds to other voices other perceptions other cultures Anne Wilson Schaef often heard Elders from a wide variety of Native Peoples say Our legends tell us that a time will come when our wisdom and way of living will be necessary to save the planet and that time is now Anyone ready to move from feeling separate to a profound sense of connectedness from the personal to the global will find the path in this mind expanding deeply spiritual book

**In This Body** Servando Z. Hinojosa,2015-11-01

The Kaqchikel Maya who live in the highlands of central Guatemala experience soul as part of a continuum of bodily states This account of life in one highland Maya community shows how among Kaqchikels spirit expresses itself fundamentally through the body and not as something entirely separate from the body By examining the lived meanings of midwifery soul therapy and community dance

in the town of San Juan Comalapa the book identifies the body as the primary vehicle for spiritual grounding in daily life Hinojosa invites readers to understand how specialists in these activities articulate their knowledge of the spirit through their understanding of blood and he encourages readers to glimpse the hidden life of the body and how bodily processes guide local understandings of spirit at the personal and group level This work further illuminates the agentive role of the body in Maya spiritual experience and enriches the current discussions of Maya spiritual revitalization *Native Tongues*

Francis Goskowski,2022-12-12 The Native Tongues of this book are the distinctive voices through which great writers from five proud nations of the Western world have highlighted their ideals aspirations belief systems emphases and nuances to form the collective identity their people have shared and passed on over the centuries Author Francis Goskowski explores how the characters and their interactions are depicted in five classic novels one each from the United States France Great Britain Russia and Germany The portrayals illustrate the differences in the ways the foundational principles of the West are understood and applied within these five national traditions Taken together these contributions blend in an organic whole integral to the Western patrimony *Now: The Voice of One* Karin J. Hobson,2019-08-26 Written over several months Now

The Voice of One is a Native American spiritual book Note She was able to read signs and symbols and the birds would talk to her Written with help from the spiritual realm this book shows synchronicities and perceptions in how we live our lives should we pay attention Remaining in the present moment you will begin to see how everything is tied together Like one voice he who sees hears or feels can relate to the oneness in everyday life In the moment This book records what had happened to the writer and she is confident of the material being true to form Brothers and Sisters from around the world were in direct contact with her via the internet And whether or not it can be proven is not of importance What is of importance is the coming together in unity of one voice Where we stand shoulder to shoulder in support of the other in times of need The messages are everywhere Open your heart and you too will see that which is happening all around you **The**
