*Jockomo* Shane Lief, John McCusker, 2019-10-25 Jockomo The Native Roots of Mardi Gras Indians celebrates the transcendent experience of Mardi Gras encompassing both ancient and current traditions of New Orleans The Mardi Gras Indians are a renowned and beloved fixture of New Orleans public culture Yet very little is known about the indigenous roots of their cultural practices For the first time this book explores the Native American ceremonial traditions that influenced the development of the Mardi Gras Indian cultural system

Jockomo reveals the complex story of exchanges that have taken place over the past three centuries generating new ways of singing and speaking with many languages mixing as people's lives overlapped Contemporary photographs by John McCusker and archival images combine to offer a complementary narrative to the text From the depictions of eighteenth century Native American musical processions to the first known photo of Mardi Gras Indians Jockomo is a visual feast displaying the evolution of cultural traditions throughout the history of New Orleans By the beginning of the twentieth century Mardi Gras Indians had become a recognized local tradition Over the course of the next one hundred years their unique practices would move from the periphery to the very center of public consciousness as a quintessentially New Orleanian form of music and performance even while retaining some of the most ancient features of Native American culture and language Jockomo offers a new way of seeing and hearing the blended legacies of New Orleans Report Pennsylvania State University. Agricultural Experiment Station, 1903 *The Routledge Handbook of Post-Prohibition Cannabis Research* Dominic Corva, Joshua Meisel, 2021-09-06 The place of cannabis in global drug prohibition is in crisis opening up new directions for socially engaged cannabis research The Routledge Handbook of Post Prohibition Cannabis Research invites readers to explore new landscapes of cannabis research under conditions of legalization with not after prohibition post prohibition The chapters are organized into five multidisciplinary sections Governance Public Health Markets and Society Ecology and the Environment and Culture and Social Change Case studies from the United States Uruguay Morocco and the United Kingdom show readers alternative ways of thinking about human cannabis relationships that move beyond questions of legality and illegality Representing a cross section of cannabis scholarship the contributors provide readers with critical perspectives on legalization that are not based upon orthodoxies of prohibition While legalization signals a global shift in the legitimacy of cannabis research this collection identifies openings for academics policy makers and the public interested in ending the drug war as well as a way to address broader social problems evident in the age of neoliberal governance within which prohibition has been entangled Native Roots: How the Indians Enriched America J. **Bulletin**, 1898 *Eatenonha* Georges E. Sioui, 2019-09-12 Eatenonha is the Wendat word for love and respect for the Earth and Mother Nature For many Native peoples and newcomers to North America Canada is a motherland an Eatenonha a land in which all can and should feel included valued and celebrated In Eatenonha Georges Sioui presents the history of a group of Wendat known as the Seawi Clan and reveals the deepest most honoured secrets possessed by his people by all people who are Indigenous and by those who understand and respect Indigenous ways of thinking and living Providing a glimpse into the lives ideology and work of his family and ancestors Sioui weaves a tale of the Wendat's sparsely documented historical trajectory and his family's experiences on a reserve Through an original retelling of the Indigenous commercial and social networks that existed in the northeast before European contact the author explains that the Wendat Confederacy was at the geopolitical centre of a commonwealth based on peace trade and reciprocity This network he argues was a true

democracy where all beings of all natures were equally valued and respected and where women kept their place at the centre of their families and communities Identifying Canada s first civilizations as the originators of modern democracy Eatononha represents a continuing quest to heal and educate all peoples through an Indigenous way of comprehending life and the world
